ARTICLE 39. To see if the Town will vote to amend the Zoning By-Laws and Zoning Map of the Town of Plainville to the extent necessary to change the following described property from its present classification, to the classification RD:

Easterly	by a line parallel to and 300 feet westerly from the westerly line of Taunton Street;
Southerly	by the existing RD zone;
Westerly	by a straight line which is an extension to the north of the westerly line of the existing RD zone; and
Northerly	by Turnpike Lake.

or do or act in any manner relative thereto. (2/3 vote required) - (A petitioned article)

ARTICLE 40. To see if the Town will vote to abandon Peterson Road and to authorize the Selectmen to execute, acknowledge and

deliver in the name and behalf of the Town of Plainville a deed of the interest of the Town of Plainville in said Peterson Road to Henry A. Peterson for one dollar (\$1.00), or take any action relative thereto. (A petitioned article) - (2/3 vote required)

ARTICLE 41. To see if the Town will vote to abandon the way known variously as "Dark Hole Road," "Deep Hole Road," or "Ellis Pond Road" at the portion hereafter described: - Beginning at a wall corner in the southeasterly side of said Road, the wall corner being about 885 feet northeasterly of Taunton Street as measured along said Road; thence northeasterly by a wall and said Road, about 276 feet to the Route #1-495 Interchange; thence northerly about 25 feet to the northwesterly side of said Dark Hole Road; thence southwesterly by said Road, about 290 feet; thence crossing said Road, about 25 feet southeasterly to the point of beginning; all as shown on that plan entitled "Plan of Land in Plainville, Mass., Drawn for Freedman and Petkun, April 1967, Scale 1 inch equals 80 feet, Revised Jan. 1969, The W.T. Whalen Eng. Co.," or do or act in any manner relative thereto. (2/3 vote required)

ARTICLE 42. To see if the Town will vote to accept a conveyance of an easement from Irvin Petkun and Arthur Freedman of the following described circular parcel of land, said land to be used for the purpose of a traffic turn-around circle:

The circle is to be 100 feet in diameter, and the center thereof is located 50 feet in a northeasterly projection from the wall corner (said corner being described in another article in this Warrant to abandon a part of Dark Hole Road), and being a continuation of the wall, all as shown on that plan entitled "Plan of Land in Plainville, Mass., Drawn for Freedman & Petkun, April 1967, Scale 1 inch equals 80 feet, Revised January 1969, The W.T. Whalen Eng. Co.," or do or act in any manner relative thereto. (2/3 vote required)

ARTICLE 43. To see if the Town will vote to authorize the Selectmen to convey by quitclaim deed to Arthur Freedman and Irvin Petkun for one dollar (\$1.00), the following described land:

The way known variously as "Dark Hole Road," "Deep Hole Road," or "Ellis Pond Road," at the portion hereafter described: - Beginning at a wall corner in the southeasterly side of said Road, the wall corner

being about 885 feet northeasterly of Taunton Street as measured along said Road; thence northeasterly by a wall and said Road, about 276 feet to the Route #1-495 Interchange; thence northerly about 25 feet to the northwesterly side of said Dark Hole Road; thence southwesterly by said Road, about 290 feet; then crossing said Road, about 25 feet southeasterly to the point of beginning; all as shown on that plan entitled "Plan of Land in Plainville, Mass., Drawn for Freedman & Petkun, April 1967, Scale 1 inch equals 80 feet, Revised Jan. 1969, The W. T. Whalen Eng. Co.," or do or act in any manner relative thereto. (2/3 vote required)

ARTICLE 44. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee of five persons to be known as the Town Government Study Committee to investigate the feasibility of reorganizing the Town government, combining and/or consolidating town departments and/or offices or officers, establishing a Town Manager form of government and related revisions in the Town Government, said committee to report at the next annual town meeting with its recommendations, if any, or do or act in any manner relative thereto.

ARTICLE 45. To see if the Town will vote to accept the following By-Law under Article I of the Town By-Laws:

"The nomination of all candidates for Town Officers required to be voted for by official ballot at its annual meeting, shall be made by nomination papers as provided by Chapter 53, Section 6 of the General Laws, and no political party caucus nor town caucus shall be held for the nomination of said candidates," or do or act in any manner relative thereto. (2/3 vote required)

ARTICLE 46. To choose any committee and hear the report of any committee and act thereon.

And you are directed to serve this Warrant by posting copies thereof in seven (7) public places in said Town, seven (7) days at least before the time of holding said meeting.

Hereof, fail not, and make due return of the Warrant with your doing thereon, to the Town Clerk at or before the time and place of said meeting as aforesaid.

and Robert B. Thibedeau, representative of the Board of Registrars (D).

AUSTIN F. GRANT, Town Clerk

PROCEEDINGS OF THE SIXTY-FOURTH ANNUAL TOWN MEETING

The business session of the sixty-fourth Annual Town Meeting for the Town of Plainville, Norfolk County, Massachusetts was called to order by Moderator Charles O. Peasley, at 7:30 P. M. in the auditorium of the Plainville Elementary School, South Street, Plainville.

The meeting was opened by invocation by Rev. Robert Smith of the Plainville United Methodist Church.

The voters were checked into the hall by means of the voting lists by Robert Keniston (R) and Marion McCabe (D). Final count at the end of the meeting showed 357 voters present; 153 women and 204 men.

The Moderator declared the bounds of the hall to be the seats on the floor and the bleachers to the Moderator's right, as the area for participating voters.

The Moderator named the following as counters: to the right of the Moderator, Emile Landry and Robert Barney, to the Moderator's left, Frank Grzenda and Arthur W. Washburn, Jr. Austin F. Grant, Town Clerk, was named Ballot box officer in the event of a ballot vote.

For the convenience of the speakers and to make the meeting as efficient as possible, Mr. Peasley advised that a traveling "Mike" would be used. Mr. Robert Thibedeau was in charge of this, and the speakers were instructed to give their name, as it would help with the record, and to know who was in attendance and speaking, also an aid to the newspapers.

ARTICLE 2. Motion by Raymond Miller and seconded by Robert E. Loew that Francis W. Simmons, Alec H. Fredrickson and Everett W. Skinner be appointed as Measurers of Wood, Bark and Lumber for the ensuing year. Unanimously voted.

Motion by Raymond Miller and seconded by Robert E. Loew that Robert R. Faille, Allen S. Breen and Edgar T. Peavey be appointed as Fence Viewers and Field Drivers for the ensuing year, and unanimously voted.

ARTICLE 3. Motion by Robert Faille and seconded by Raymond Miller that the reports of the Selectmen, Treasurer and other Town Officers be accepted as printed with the exception of any omissions and typographical errors. Unanimously voted.

ARTICLE 4. Motion by Everett W. Skinner and seconded by Robert E. Loew that the Town vote to accept the provisions of Chapter 81 of the General Laws, and unanimously voted.

ARTICLE 5. Motion by Avedis Koshgarian and seconded by Raymond Miller that the town vote to fix the salary and compensation of all elected officials of the Town as provided by Section 108 of Chapter 41, General Laws as amended as follows:

Moderator	\$ 25.00 each meeting
Town Clerk	800.00 per year
Town Treasurer	2,000.00 per year
Selectmen, Chairman	800.00 per year
Second member	700.00 per year
Third member	700.00 per year
Board of Health, each member (3)	100.00 per year
Assessor, Chairman	1,100.00 per year
Second member	1,100.00 per year
Third member	1,100.00 per year
Tax Collector	1,500.00 per year
School Committee, Chairman	75.00 per year
School Committee, each member	60.00 per year
Water Commissioner, Chairman	250.00 per year
Second member	250.00 per year
Third member, Clerk	400.00 per year
Auditor	250.00 per year
Constables	2.50 per hour
Tree Warden	2.50 per hour

Under discussion on this article, Mr. Normand Theriault, Tax Collector, amended the Tax Collector's salary to \$3,000. per year. Mr. Theriault spoke in defense of this increase by advising the meeting that in computing his salary, he found he was working twenty-five hours per week since taking over the job, and realized this when he assumed the position, but felt that he and his predecessor had done a good job in collecting unpaid taxes to the amount of \$60,000., and felt that he was entitled to the additional salary. The Finance Committee has recommended no increases in elected officials' salaries pending the establishment of a five member committee to investigate the combining of or consolidating town officers. Mr. Theriault brought to the attention of the voters that this committee and its report would not be active for about three years, and he felt that an increase in salary was evident at the present time.

Mr. Theriault assured the voters at the meeting that he was committed to the position of Tax Collector for another two years and regardless of the outcome of his amendment would continue to do a good job for the Town.

Mrs. Neva Chase questioned relative to the time the clerks in the office worked and whether they collected any money for the Tax Collector. Mr. Robert Loew, member of the Board of Selectmen, advised that as a convenience for the townspeople, the clerks in the Selectmen's office did collect excise, real estate taxes and water bills.

Mr. Koshgarian advised that the Finance Committee recommend that no salary increase be given to elected officials, and Mr. Thomas Levis re-affirmed this by stating that due to the increase in all town appropriations, they did appreciate Mr. Theriault's work, but felt that no increases could be granted to Town elected officials this year.

The question was called. Vote on the amendment was not unanimous, and the amendment was lost. The vote on Article 5, as recommended by the Finance Committee was voted and declared unanimous by the Moderator.

At this time the Moderator asked Mr. David Lomasney, Chairman of the Finance Committee if he wished to change the order of business.

Upon a motion by David Lomasney and seconded by Raymond Miller, it was voted to take up Article 7 and Article 29, before Article 6, as both have a bearing on the total appropriation of Article 6. Unanimously voted.

ARTICLE 7. Motion by Joseph A. Doiron and seconded by Robert E. Loew that Article 7 be accepted as printed. Much discussion ensued on this article. Under Section H, Mrs. Elaine Morel requested information as to which department this clerk, Senior, Part Time M-3 applied. She was advised that this covered the Assessor's part time clerk, authorization for same having been given through the Personnel Board and Finance Committee last July. Much discussion was held relative to the need for an additional clerk in the office. The Assessors advised that Mrs. Fulton, the present clerk, was experienced in their work, having the background for it where the other clerks in the office were not so qualified.

Mr. Clarence Skinner spoke relative to Section 1, two extra paid holidays, and change in the vacation schedule. The committee from the three departments, highway, police and fire, in a meeting with the

Personnel Board had agreed, after much discussion of the requests by the town employees, to the sections as printed in Article 7.

Question asked under Article 7, Section F, if this meant time and one-half, the answer was that this was straight time, if on an hourly basis it would be the straight hourly rate, but on a salary basis would be broken down to an hourly rate, straight time.

The question was called, and the Moderator called for a standing vote, as this is a by-law change, requiring a 2/3 vote. Results of voting: 107, Yes; 199, No. The Article was lost.

Mr. David Kelly spoke relative to this article, stating that some of the people did not realize what they were voting for and requested a five minute recess so that the people could study this Article. Mr. Kelly stated that he felt the town employees were entitled to the 4% cost of living increase.

A vote to reconsider was taken, results: 126 Yes; 170, No. There will be no reconsideration of this Article.

ARTICLE 29. Motion by Ray Felix and seconded by Raymond Miller that the town vote to install street lights as follows: 1 Street light, Cooney Avenue; 4 Street lights, Valerie Drive and 1 flood light Water Department Pumping Station.

Mr. Hastings of the Planning Board questioned whether street lights could be installed by the town on unaccepted streets of the Town. He was answered in the affirmative. Vote was taken on the Article and was unanimous.

At 8:50 P. M. Mr. Lomasney made a motion that a ten minute recess be declared in order for the Finance Committee to do some arithmetic as a result of the vote on Article 7.

The meeting was again called to order at 9:10 by Moderator Charles O. Peasley.

ARTICLE 6. Motion by David B. Lomasney and seconded by Thomas Levis that the sum of \$743,519.34 be raised and appropriated; \$742,066.94 by taxation and \$1,452.40 by transfer to wit:

21. Maturing Debt	55,000.00	
22. Finance Committee	0.00	
23. Norfolk County Retirement	9,634.68	
24. Town Clerk	1,970.00	
25. Registrars	2,340.00	
26. Assessors	6,600.00	
27. Tax Collector	2,900.00	
28. Fire Department	48,867.26	
29. Police Department	62,599.72	
30. Dog Officer	900.00	
31. Water Department	24,455.00	
32. Highway Excl. 81-90	19,900.00	
33. Snow Removal	20,000.00	
34. Tree Warden	1,000.00	
35. Town Forest Committee	75.00	
36. Park Department	7,240.00	
37. Local Schools	374,190.00	
38. Regional Schools	519,227.59	

39. Industrial Development Commission	200.00
40. Planning Board	400.00
41. Conservation Commission	300.00
42. Civil Defense	875.00
43. School Expansion Committee	50.00
44. Personnel Board	300.00
45. By-Law Review Committee	100.00

The amount of \$374,190.00 for the local school budget was accepted but not recommended by the Finance Committee.

Motion by William Clarke and seconded by George Hayden, members of the King Philip Regional School Committee amended the motion by adding the amount of \$519,227.59 to the recommended figure, making a total of \$1,262,746.93 to be raised and appropriated and transferred for Article 6.

William Clarke requested of the meeting that Mr. Manos, Superintendent of the King Philip Regional Schools be allowed to speak and answer questions pertaining to the King Philip budget. As there were no objections, the Moderator granted this request.

Mr. Manos explained the budget and the salary schedules, also the reason why the Regional School operated differently than the local schools. After much discussion the question was called and the amendment to include the amount of \$519,227.59 to Article 6. Vote on the amendment was unanimous. No objections voiced.

Mr. Jensen brought up the question of placing the Town Insurance for bids. Mr. Lomasney called upon the Selectmen, Mr. Miller, Chairman, taking the floor, to advise that the town property came up for renewal at different times during the year, and advertising for bids did take place a couple of years ago, but only one bid was received. In view of that fact, the insurance was carried by the same agent, Mr. Harry Dunnebie. Mr. Lomasney advised that the Finance Committee had conducted a survey of town insurance last year and after two companies had reviewed the policies, advised that they could not do any better or as well for the town. Therefore, the town insurance is still being carried by the same agent.

Mr. Lomasney brought to the attention of the voters that by approving the amount of \$6,600.00, they had allowed the Assessors to hire a part time clerk. He brought this to the attention of the voters because of their defeat of Article 7, under Section H, to establish a clerk for this department, and he did not want the voters to be misled. Mr. Jensen inquired as to the amount this item would be reduced if the clerk's salary was deducted. Mr. Lomasney advised the figure would be \$4,100.00 instead of \$6,600.00 and cautioned the voters that while the Finance Committee was anxious to keep the tax rate as low as possible, they did not want to destroy the efficiency of the departments.

Motion by Mr. Jensen and seconded by Mr. Ronan that the Assessor's budget be amended to read \$4,100.00. Vote on the amendment was not unanimous. The amendment was not carried and the original amount retained.

Mr. Jay Clough spoke about Article 6 being a package deal, and that formerly each item was voted on separately. Mr. Peasley, Moderator, advised that the voters would have an opportunity to vote on each section of Article 6 separately and to discuss same.

Mr. Lloyd Jensen requested a breakdown on departmental budgets. Mr. Lomasney advised that this could and would be done on any section requested.

Mr. Lomasney gave the breakdown on the Board of Health Budget and Mr. Normand Theriault gave the breakdown on the Tax Collector's Budget, explaining the item for deputy collector. The reason for this item is that there were so many outstanding excise taxes and the only way these could be removed from the books was to be put through the Registry of Motor Vehicles and this entailed expense to the deputy collector. This item would be continued for about three years until the outstanding taxes have been cleaned up.

Mr. Lomasney gave a breakdown on the Fire Department Budget, explaining that the original requested figure was cut from \$63,555.72 to \$50,233.72, and with the defeat of Article 7 (Personnel By-Law) reduced the amount to \$48,867.26. The original figure included a tank truck, additional hose and other items.

The Police Department budget was cut from \$65,061.73 to \$63,767.33, and further cut to \$62,599.72. This amount includes two new cruisers. The original request by the Police Chief was for one cruiser, but due to the excessive cost of repairs to the two present cruisers it was the opinion of the Finance Committee that for economical purposes it would be advisable to purchase two new cruisers.

During the discussion of this section, Police Department, a motion was made by Oliver Chase that the meeting be adjourned until Monday, March 24, 1969 at 7:30 P.M. Motion to adjourn was unanimously voted at 10:50 P.M.

AUSTIN F. GRANT, Town Clerk

ADJOURNED SESSION ANNUAL TOWN MEETING

March 24, 1969

The adjourned session of the Annual Town Meeting was called to order by Moderator Charles O. Peasley, Monday evening, March 24, 1969 at 7:30 P.M., after the Moderator declared that a quorum was present.

The bounds of the hall remained the same as the previous week, the chairs on the floor and the bleachers to the right of the Moderator. The voters were checked into the hall by Robert Keniston (R) and Marion McCabe (D) by means of the voting lists. Three hundred and seventeen voters were present; 184 men and 133 women.

George Massey and Fred Benker were appointed tellers for the right side of the hall; Harry Cooper and Neal Avery were appointed for the left side of the room. Austin F. Grant, Town Clerk, was again appointed Ballot Box Officer in the event of a ballot vote.

Mr. Peasley declared that if there were no objections the reading of the minutes of the meeting of March 17, 1969 would be omitted, and that the meeting would resume where it had finished with Chief Faile explaining the Police Budget.

Mr. Jesse Franklin requested that the Police Budget be broken down. Mr. Lomasney, Chairman of the Finance Committee turned the floor over to Mr. Faille for explanation.

The budget of the Dog Officer was questioned and Mr. Lomasney explained that the salary of the Dog Officer remained the same, the difference was for equipment and supplies. It was suggested that the report of the dog officer be included in the Town Report along with his telephone number. It was explained that Mr. Calzaretta assumed the office in July and the report would be available for the next year.

Under the Highway Exclusive of Chapter 81 and 90, Mr. Lomasney advised that Mr. Skinner, Highway Superintendent, had reduced the figure to \$19,700.00 instead of \$19,900.00.

Mr. Chase requested information on the Tree Warden, and was advised that most of this budget was used for materials and expenses.

Upon a motion by David Lomasney and seconded by Raymond Miller it was unanimously voted to raise and appropriate the sum of \$1,261,402.03 and transfer the sum of \$500.40 received from the Norfolk County for Dog Taxes and the State Aid to Libraries sum of \$952.50 to defray Town charges for the financial year ending December 31, 1969 and expressly for the purposes as listed above in Article 6.

At this time Mrs. Elaine Morel requested permission to read the following: "Last Saturday night, March 22, a few people invited the taxpayers of Plainville to a meeting at the home of Mr. and Mrs. Joseph Germaine. To our dismay only a few concerned taxpayers took the time to come. For those few it was time well spent.

We had the opportunity to meet all the candidates for the office of Selectman, which made them more than just names on a ballot.

Mr. Miller and Mr. Lomasney were good enough to give their time to explain the rest of the Warrant to those present. They also talked with us about the rising taxes, the reasons for them and what we should do about it. It was also mentioned that it was almost impossible to find people to fill committees that are needed in order to run a town properly. Many, many questions were answered at great length.

These people came on their own time and at short notice, and they were delighted in doing so. They gained the respect of all present. It was the first time we have seen taxpayers and town officials working together and it was great.

The only thing we regret is that more people did not take the time to come. We feel that they missed a lot. We can't thank Mr. Miller and Mr. Lomasney enough for giving of themselves so willingly and generously."

Mr. Peasley, Moderator, declared that the Chair directs that this statement be included in the record.

ARTICLE 8. Motion by Raymond Miller and seconded by Robert E. Loew that no action be taken on this Article. (Delete Auditor from town officers to be elected.) Unanimously voted to take no action.

ARTICLE 9. Motion by Thomas Levis and seconded by Raymond Miller and unanimously voted that the surety bonds of the Collector of Taxes, Treasurer, Town Clerk, Secretary of the Water Department and Clerk of the Board of Selectmen be placed with a fidelity or guarantee company. No appropriation needed as this amount is included in Insurance account, Section 8 of Article 6.

ARTICLE 10. Motion by Thomas Levis and seconded by Raymond Miller and unanimously voted by the Town that the Treasurer be authorized with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969 and January 1, 1970 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 11. Motion by H. Bertha Browne and seconded by Raymond Miller that the Town vote to raise and appropriate the sum of \$15,000.00 for a Reserve Fund, to provide for the extraordinary and unforeseen expenses, as authorized by Section 6, Chapter 40, of the General Laws.

This article was amended by Robert B. Loew and seconded by Robert Faille, that the town raise and appropriate by taxation the sum

of \$18,000.00 for a Reserve Fund to provide for the extraordinary unforeseen expenses as authorized by Section 6, Chapter 40, General Laws for the following purposes: \$15,000.00, Reserve Fund; \$3,000.00 to be held in Escrow by Finance Committee, to cover any step raises granted by Personnel Board during the year.

This Article was further amended by Robert O. Malin that the amendment be amended to transfer the sum of \$18,000.00 from available funds in the Treasury. The amendment to the amendment was seconded by Robert E. Loew. Vote taken was carried but not unanimously. Amount of \$18,000.00 to be transferred.

ARTICLE 12. Motion by Everett Skinner and seconded by Stanley Myers that the Town vote to accept the provisions of Chapter 90 of the General Laws, and the sum of \$3,550.00 be raised and appropriated for the Town's share of Chapter 90 Maintenance, and that in addition, the sum of \$7,000.00 be transferred from unappropriated available funds in the Treasury to meet the State and County's share of the cost of the work, the reimbursement from the State and County to be restored upon their receipt to unappropriated available funds in the Treasury. Unanimously voted.

ARTICLE 13. Motion by Everett Skinner and seconded by Robert Loew that the Town vote to raise and appropriate the sum of \$4,750.00 to meet the Town's share of the cost of Chapter 81 Highways, and that in addition, the sum of \$9,900.00 be transferred from unappropriated available funds in the Treasury to meet the State's share of the cost of the work. The reimbursement from the State to be restored upon the receipt to unappropriated available funds in the Treasury. Unanimously voted.

ARTICLE 14. Motion by Everett Skinner and seconded by Robert E. Loew that the sum of \$12,050.00 be raised and appropriated to continue the laying out and construction on Messenger Street, under Chapter 90 of the General Laws. The money to be raised as follows: \$3,050.00, the Town's share to be raised and appropriated by taxation; and the State and County's share of the work, \$9,000.00 to be transferred from unappropriated available funds in the Treasury. The reimbursement from the State and County to be restored upon their receipt to unappropriated available funds in the Treasury. Unanimously voted.

At this point Mrs. Karen Breede congratulated Mr. Skinner as one of the best Highway Superintendents in the area.

ARTICLE 15. Motion by Everett Skinner and seconded by Joseph Doiron that the sum of \$2,731.12 be appropriated for permanent road construction on Hawkins Street, and to meet said appropriation the sum of \$2,731.12 be transferred from proceeds received or to be received from the State under the provisions of Chapter 616, Acts of 1968. Unanimously voted.

ARTICLE 16. Motion by Joseph Doiron and seconded by Thomas Levis that the sum of \$1,000.00 be transferred from available funds in the Treasury, to be expended under the direction of the Moth Superintendent for the control of insects and Dutch Elm Disease and unanimously voted.

ARTICLE 17. Motion by Ray Felix and seconded by Thomas Levis that no action be taken. Voted, but not unanimously. (\$1,000.00 for Conservation Fund.)

At this time, 8:50 P. M., the Moderator declared a ten minute recess.

Meeting reconvened at 9:05 P. M.

ARTICLE 18. Motion by Daniel Malone and seconded by Thomas Levis that the Town vote to transfer the sum of \$500.00 from the Town Ambulance Account for the certification of the Town Ambulance. This Article was amended by Robert E. Loew and seconded by Robert R. Faille that the sum of \$1,250.00 be transferred; for the Certification \$500.00 and \$750.00 for Radio, from available funds in the Treasury. Mr. David Lomasney amended the amendment to read Transfer from the Ambulance Replacement Fund. As the voice vote was doubted, a standing vote was called: Results: Yes, 166; No, 58. Amendment to amendment carried.

ARTICLE 19. Motion by Joseph Doiron and seconded by Thomas Levis that the amount of \$1,118.88 be transferred from Available Funds in the Treasury for the Norfolk County Hospital Tax and Bond Issue and unanimously voted.

ARTICLE 20. Motion by H. Bertha Browne and seconded by Raymond V. Miller that the Town vote to transfer from the Fire Department Apparatus Fund the sum of \$7,500.00 to the Stabilization Fund, under authority of Chapter 40, Section 5B of the General Laws. As a result of discussion on this Article, Daniel T. Malone amended this motion by moving that Article 20 not be acted upon at this meeting and be transferred to the next Special Town Meeting after the Town Treasurer receives more information. Mr. Carpenter, Town Treasurer, explained that this Fire Apparatus Replacement Fund was not approved by the Department of Corporations and Taxation. By placing this amount in the Stabilization Fund, it could be invested and it would be necessary to have a vote of the Town Meeting to appropriate this money for any purpose. The vote on the amendment was taken and was lost. Vote on the original motion was unanimous.

ARTICLE 21. The Finance Committee recommends No Action be taken on this Article. Motion that No Action be taken made by Ray P. Felix and seconded by David B. Lomasney and unanimously voted. (Stabilization Fund.)

ARTICLE 22. Motion by Robert O. Malin and seconded by Avedis Koshgarian that the sum of \$3,014.62 be transferred from available funds in the Treasury to be used by the School Building Committee to complete construction and initial equipping of the Anna Ware Jackson School. Unanimously voted.

ARTICLE 23. The By-Law Review Committee requests \$1,000.00 for printing of new booklets. The Finance Committee recommends No Action upon motion by Thomas Levis and seconded by Raymond Miller. It was unanimously voted that No Action be taken on this Article.

ARTICLE 24. Motion by Joseph Doiron and seconded by Thomas Levis that the Town vote to install an 8 inch water main on Fletcher Street; southerly to Elizabeth Street then to Riley Street, the distance of 800 feet and that the sum of \$6,000.00 be transferred from available funds in the Water Department Account. A standing vote was taken, results: 245, Yes; 0, No.

ARTICLE 25. Motion by Joseph Doiron and seconded by Thomas Levis that the Town vote to install a 6 inch water main from Broad

Street southerly to Pleasant Street, the distance of 300 feet and that the sum of \$2,175.00 be transferred from available funds in the Water Department Account under Chapter 44, Section 20 of the General Laws. This article was amended by Everett Skinner to read: 6 inch water main on Broad Street a distance of 75 feet and 225 feet on Pleasant Street from Broad Street in a southerly direction. Amendment seconded by Robert Thibedeau. Standing vote on amendment: 206, Yes; 0, No. Amendment carried.

ARTICLE 26. Motion by Joseph Doiron and seconded by Robert Loew that the Town vote to install a 6 inch water main on George Street, northerly from James Street to Ewald Avenue, a distance of 500 feet and that the sum of \$3,625.00 be transferred from available funds in the Water Department Account, under Chapter 44, Section 20 of the General Laws. As a result of discussion on the size of pipe to be used this Article was amended by Everett W. Skinner to read 8 inch pipe. The results of a standing vote on the amendment was: Yes, 239; No, 0. Motion carried.

Due to the lateness of the hour, Mr. Lomasney moved that the order of business be changed and that Article 33 be taken up before Article 27, and so voted.

ARTICLE 33. Motion by David Lomasney and seconded by Joseph Doiron that the Town vote to transfer the sum of \$1,288.67 from the Post War Rehabilitation Fund, \$918.80 from the Municipal Building Account and \$3,746.00 from the Sale of Land Account for improvements to the Garford Building, a total of \$5,953.47 and that the sum of \$9,000.00 be transferred from Overlay Reserve Account for the demolition of the damaged portion of the Garford Building. So voted.

At 11:15 P. M., it was voted that the meeting be adjourned until Tuesday, March 25, at 7:30 P. M. in the auditorium of the Plainville Elementary School.

AUSTIN F. GRANT, Town Clerk

ADJOURNED SESSION ANNUAL TOWN MEETING

March 25, 1969

At 7:40 P.M. the Moderator declared that a legal quorum was present and called the adjourned session of the Annual Town Meeting to order. 75 men and 53 women were present.

The bounds of the hall were proclaimed. Non-voters and guests on the bleachers, northside of the hall. The counters were appointed by the Moderator as follows: left of the Moderator, Boyd Cheney and Harry Cooper; right of Moderator, Emile Landry and Lloyd Jensen. ARTICLE 27. Motion by Daniel Malone seconded by Thomas Levis that the recommendation of the Finance Committee that No Action be taken on this Article. (Resurface the roadway into the Town Park.) An amendment was made by Robert E. Loew and seconded by Robert R. Faille that the Town vote to transfer the sum of \$1,500.00 from available funds in the Treasury to resurface the roadway into the Town Park and the parking area. Vote on the amendment was lost. The vote on the original motion, "No Action" was carried but not unanimously.

ARTICLE 28. Motion by Robert R. Faille and seconded by Raymond V. Miller that the Town vote to accept Chapter 41, the Section 97A of the General Laws for the establishment of a Police Department. Much discussion took place on this Article. Mr. Reginald Keyes requested that the Article be read and it was explained that the Article could not be voted as read, as the General Laws could not be amended. The results of the standing vote: Yes, 91; No, 3.

ARTICLE 30. Motion by Thomas Levis and seconded by Avedis Koshgarian that this Article be tabled indefinitely, and unanimously voted. (Convert Garford Building.)

ARTICLE 31. Motion by Avedis Koshgarian and seconded by Thomas Levis that this Article be tabled indefinitely, and unanimously voted. (Acquire land northerly side Cottage Street.)

ARTICLE 32. Motion by Joseph Doiron and seconded by Thomas Levis that this Article be tabled indefinitely and unanimously voted. (Remodel Town Office Building.)

ARTICLE 34. Motion by Joseph Doiron and seconded by Thomas Levis that No Action be taken on this Article and unanimously voted. (Antennas on Water Tower.)

ARTICLE 35. Motion by David Kelly and seconded by Arthur W. Myers that this Article be accepted in its entirety. Unanimously voted. 105, Yes; 0, No.

ARTICLE 36. Motion by David Kelly and seconded by Robert Malin that the Town vote to amend the Zoning By-Law of the Town by striking therefrom Article I, Section 1.4 (Penalty) in its entirety and inserting in lieu thereof the following:

"1.4 Penalty - Unless otherwise specifically provided herein any person violating any of the provisions of this By-Law shall be fined not more than \$50.00 for each offense. Each day that such violation continues shall constitute a separate offense." Standing vote taken. Yes, 105; No, 0.

ARTICLE 37. Motion by David Kelly and seconded by Robert Malin that the Town vote to amend the Zoning By-Law by adding in Article III (General Regulations) a Section 3.8.3.5 as follows:

"3.8.3.5 - The owners of land in Plainville which has been or may hereafter be excavated shall erect suitable barriers or take other suitable measures so that such excavation does not constitute a hazard to public safety. If in the opinion of the Board of Selectmen a hazard to public safety does exist, the Board of Selectmen shall notify the owner in writing and specify the barriers and/or other suitable measures to be taken which shall be carried out within five days by the owner or owners." Standing vote taken. Yes, 109; No, 0.

ARTICLE 38. Motion by David Kelly and seconded by Robert Malin that the Town vote to amend the Zoning By-Law by adding in Article III (General Regulations) a Section 3.8.8 as follows:

"3.8.8. Penalty - The penalty for violation of any provision of this Section shall be \$50.00 for the first offense, \$100.00 for the second offense, \$200.00 for each subsequent offense." A standing vote was taken. Yes, 111; No, 0. Motion carried.

ARTICLE 39. Motion by Robert E. Loew and seconded by Thomas Levis that No Action be taken on this Article. (Petitioned Article by Henry Peterson) As there was no one to represent Mr. Peterson, "No Action" was voted.

ARTICLE 40. Motion by Robert E. Loew and seconded by Raymond Miller that No Action be taken on this Article. (Petitioned Article by Henry Peterson) Unanimously voted.

ARTICLE 41. Motion by Emile Landry and seconded by Joseph Doiron that this Article be tabled. Unanimously voted. (Abandon way known as Dark Hole Road, etc.)

ARTICLE 42. Motion by Emile Landry and seconded by Joseph Doiron that this Article be tabled. Unanimously voted. (Conveyance of easement.)

ARTICLE 43. Motion by Emile Landry and seconded by Joseph Doiron that this Article be tabled. Unanimously voted. (Quitclaim deed.)

ARTICLE 44. Motion by Raymond Miller and seconded by Robert E. Loew that the Town vote to authorize the Board of Selectmen to appoint a committee of five persons to be known as the Town Government Study Committee to investigate the feasibility of re-organizing the Town Government, combining and/or consolidating town departments and/or offices, or establishing a Town Manager form of government and related revisions in the Town Government, said committee to report at the next Annual Town Meeting with its recommendations, if any. This motion was amended by Richard Ellis, seconded by John Faria as follows:

To see if the Town will vote to authorize the Board of Selectmen to appoint a committee of five appropriately qualified persons none of whom currently hold elective or appointive positions in the Town of Plainville. Such committee to be known as the Town Government Study

Committee to study and suggest methods of improving the efficiency and responsiveness of the present town governmental structure either through closer adherence to existing By-Laws or by their revision, said committee to report to the next Annual Town Meeting with its recommendations. Unanimously voted. Amendment carried.

WARRANT FOR SPECIAL TOWN MEETING

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Plainville.

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in elections and Town affairs, to meet at the Elementary School Auditorium, South Street, in said Town of Plainville on

Monday, June 16, 1969

at 7:30 P.M., then and there to act on the following articles, viz:

ARTICLE 1. To see if the Town will vote to abandon Peterson Road and to authorize the Selectmen to execute, acknowledge and

deliver in the name and behalf of the Town of Plainville a deed of the interest of the Town of Plainville in said Peterson Road to Henry A. Peterson for one dollar (\$1.00) or take any action relative thereto. (A Petitioned Article) 2/3 vote required.

ARTICLE 2. To see if the Town will vote to amend the Zoning By-Laws and map of the Town of Plainville to the extent necessary to change the following described property from its present classification to the classification CA:

Easterly by Taunton Street
Northerly by IB zone
Westerly by a line parallel to and 300 feet westerly from the
westerly line of Taunton Street; and
Southerly by Messenger Street,

or do or act in any manner relative thereto. (A Petitioned Article) 2/3 vote required.

ARTICLE 3. To see if the Town will vote to authorize the Board of Selectmen to appoint any member thereof to another town office or position under the provisions of Chapter 41 Section 4A of the General Laws, or do or act in any manner relative thereto.

And you are directed to serve this Warrant, by posting up seven (7) attested copies thereof in said Town, seven (7) days at least before the time of holding said meeting.

Hereof fail not and make return of this Warrant with your doings thereon at the time and place of said meeting.

Given under our hands this 20th day of May in the year of our Lord one thousand nine hundred and sixty-nine.

PROCEEDINGS OF THE SPECIAL TOWN MEETING

TOWN OF PLAINVILLE

June 16, 1969

A Special Town Meeting was held in the Town of Plainville, Norfolk County, Massachusetts, in the Auditorium of the Plainville Elementary School, South Street, Plainville, on Monday evening, June 16, 1969.

The voters were checked in to the hall by Robert Keniston and Marion McCabe, checking 426 registered voters; 226 men and 200 women.

The meeting was called to order by Moderator Charles O. Peasley at 7:55 P. M. The call of the meeting was read by Town Clerk, Austin F. Grant.

The Moderator declared the bounds of the hall to be the chairs set up on the floor of the auditorium and the bleachers on the right and left side of the hall.

Tellers named by the Moderator were: left side of the hall, Gunnar Gustafson and Raymond Crowell, right side, David Kelly and William Simpson. Ballot box officer, Ralph Hancock.

ARTICLE 1. Motion by David Lomasney and seconded by Ray Felix that the Town vote to abandon Peterson Road and to authorize the Selectmen to execute, acknowledge and deliver in the name and behalf of the Town of Plainville a deed of the interest of the Town of Plainville in said Peterson Road to Henry A. Peterson for one dollar (\$1.00).

At this time Attorney Ernest White requested permission to speak in behalf of Mr. Peterson. No objections were raised and the Moderator granted this request.

Mr. White explained both Articles 1 and 2 and answered questions concerning the articles.

After much discussion the question was called and the results of a standing vote were: Yes, 330; No, 7.

ARTICLE 2. Motion by Joseph A. Doiron and seconded by Ray Felix that Article 2 be accepted as written. As a result of much discussion on this article, an amendment was proposed by Mrs. Nancy Newman. The Moderator declared a five minute recess in order for Mrs. Newman to prepare her amendment to the motion.

Meeting called to order again at 9:15 P. M.

Mr. Bradford Harrison moved that a secret ballot be taken on this article, seconded by Mrs. Harrison. A standing vote was taken on this motion; Yes, 314; No, 44. The motion for a secret ballot was lost.

Mrs. Newman moved to amend the motion by striking out the words "Northerly by IB Zone" and substituting therefor, the words "Northerly by a line parallel to and 400 feet northerly from the northerly line of Messenger Street."

Standing vote on amendment: Yes, 314; No, 44. Amendment carried.

The Moderator declared that as he had taken an active part in the next matter to come before the house and would like to have an opportunity to express his opinion, he was appointing Town Clerk Austin F. Grant to fill the position as Moderator.

ARTICLE 3. Motion by Robert E. Loew and seconded by Robert R. Faille that the Town vote to authorize the Board of Selectmen to appoint Robert R. Faille, one of its members, to the position of Chief of Police for the current year.

At this point Rev. John A. Cantwell and Rev. Robert Smith approached the microphone and addressed the assembly.

A subsequent motion was made by David Lomasney and seconded by Charles O. Peasley that when we vote on this article it be by secret ballot.

Mr. David Kelly presented the following motion: "I move that the Town vote to accept the provisions of Chapter 41, Section 4A and in so doing appoint Robert R. Faille as Chief of Police for the remainder of the current year." The Moderator advised at this time, that the subsequent motion would have to be voted upon before the main question is amended.

The vote on the secret ballot was favorable.

Much discussion ensued on the main question and many voters were allowed to speak. The question was called and Mr. Peasley explained that the vote on the previous question was a vote to end the discussion. Result of the standing vote was: Yes, 309; No, 41. The discussion was closed and the vote taken on the main article.

The voters proceeded to vote by ballot and the results after the tellers finished counting were: Yes, 214; No, 177. The Selectmen were given the authority to appoint Robert R. Faille Chief of Police for the remainder of the current year.

Upon a motion by Raymond V. Miller and seconded by Robert E. Loew, the Special Town Meeting was adjourned at 11:00 P.M.

Charles Peasley, Town Moderator
Town of Plainville
Plainville, Massachusetts

Dear Sir:

Article 45 relating to the nomination of candidates for the officers to be elected at the Annual Town Meeting is, in my opinion, out of order.

First of all, as to nomination by nomination papers, this is by State statute and to so declare in the Town By-Laws would be surplusage. As to the elimination of political or other caucuses, this cannot be done by Town By-Law. The right of political parties or others to caucus granted by General Laws and may be abrogated only by Legislative Act, acceptance of the Town Caucus System under Chapter 53, Section 121 or if stated otherwise in the Town Charter.

Very truly yours,

ROBERT H. QUINN
Attorney General

June 19, 1969

Mr. Austin F. Grant
Town Clerk
Plainville, Massachusetts

Dear Mr. Grant:

I enclose the amendment to zoning by-law adopted under Article 35 of the warrant at the annual town meeting held March 17, 1969, and March 25, 1969, with the approval of the Attorney General endorsed thereon. I regret that I must also enclose the amendment to zoning by-laws adopted under Articles 36, 37 and 38 of the warrant with the disapproval of the Attorney General. These amendments are disapproved for the reason that the public hearing required on all proposed changes in zoning by-laws was not held.

The action taken under Article 28, being the acceptance of a statute, does not require the approval of the Attorney General to be effective, and is therefore returned without action.

Very truly yours,

CARTER LEE
Assistant Attorney General

TOWN OF PLAINVILLE, MASSACHUSETTS

March 26, 1969

I hereby certify that the following is a true copy of Articles 35, 36, 37 and 38, and the votes taken thereon, at the Annual Town Meeting, held in the Town of Plainville, Norfolk County, Massachusetts, March 17, 1969, adjourned to March 25, 1969, at which a legal quorum was present.

AUSTIN F. GRANT, Town Clerk

ARTICLE 35. To see if the Town will vote to amend the By-Laws of the Town by striking therefrom Article XVII (Soil, Loam, Sand or Gravel Removal) in its entirety, or do or act in any manner relative thereto. (2/3 vote)

(Explanation) Most of these requirements are covered in the Zoning By-Laws and those which are not, are picked up in the following articles, or will be picked up in the ensuing year by the By-Law Review Committee. (By-Law Review Committee)

VOTE: Motion by David Kelly and seconded by Arthur W. Myers, that the Town vote to amend the By-Laws of the Town by striking therefrom Article XVII (Soil, Loam, Sand, or Gravel Removal) in its entirety. A standing vote was taken. Results: Yes, 105; No, 0.

Boston, Mass.

June 19, 1969

The foregoing amendment to zoning by-laws adopted under Article 35 is approved.

ROBERT H. QUINN
Attorney General

ARTICLE 36. To see if the Town will vote to amend the Zoning By-Laws of the Town by striking therefrom Article I, Section 1.4 (Penalty) in its entirety and inserting in lieu thereof the following:

"1.4 Penalty - Unless otherwise specifically provided herein any person violating any of the provisions of this By-Law shall be fined not more than \$50.00 for each offense. Each day that such violation continues shall constitute a separate offense," or do or act in any manner relative thereto. (2/3 vote required. By-Law Review Committee)

VOTE: Motion by David Kelly and seconded by Robert Malin that the Town vote to amend the Zoning By-Law of the Town by striking therefrom Article I, Section 1.4 (Penalty) in its entirety and inserting in lieu thereof the following:

"1/4 Penalty - Unless otherwise specifically provided herein any person violating any of the provisions of this By-Law shall be fined not more than \$50.00 for each offense. Each day that

such violation continues shall constitute a separate offense."

A standing vote was taken. Results: Yes, 105; No, 0.

Boston, Mass.

June 19, 1969

The foregoing amendment to zoning by-laws adopted under Article 36 IS DISAPPROVED.

ROBERT H. QUINN
Attorney General

ARTICLE 37. To see if the Town will vote to amend the Zoning By-Law by adding in Article III (General Regulations) a Section 3.8.3.5 as follows:

"3.8.3.5. The owners of land in Plainville which has been or may hereafter be excavated shall erect suitable barriers or take other suitable measures so that such excavation does not constitute a hazard to public safety. If in the opinion of the Board of Selectmen a hazard to public safety does exist, the Board of Selectmen shall notify the owner in writing and specify the barriers and/or other suitable measures to be taken which shall be carried out within five days by the owner or owners," or do or act in any manner relative thereto. (2/3 vote required. By-Law Review Committee)

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF THE ATTORNEY GENERAL
State House Boston 02133

ROBERT H. QUINN
Attorney General

September 18, 1969

Mr. Austin F. Grant
Town Clerk
Plainville, Massachusetts

Dear Mr. Grant:

I am happy to enclose the amendment to zoning by-laws adopted under Article 2 of the warrant at the special town meeting held June 16, 1969, with the approval of the Attorney General endorsed thereon.

Very truly yours,

CARTER LEE
Assistant Attorney General

CL:cav
Enclosure

TOWN OF PLAINVILLE, MASSACHUSETTS

June 26, 1969

Attorney General
Robert H. Quinn
State House
Boston, Mass.

Dear Sir:

I hereby certify that the following is a true copy of the Article and vote taken thereon at the Special Town Meeting, held in the Town of Plainville, Monday, June 16, 1969 at 7:30 P. M.

The Warrant for this Special Town Meeting was posted in seven public places, seven days before said meeting by the Constable, and a quorum was present at the meeting.

AUSTIN F. GRANT, Town Clerk

ARTICLE 2. To see if the Town will vote to amend the Zoning By-Laws and map of the Town of Plainville to the extent necessary to change the following described property from its present classification to the Classification CA:

Easterly by Taunton Street

Northerly by IB zone

Westerly by a line parallel to and 300 feet westerly from the westerly line of Taunton Street,
or do or act in any manner relative thereto. (A petitioned Article, 2/3 vote required.)

VOTE: Motion by Joseph A. Doiron that the Town vote to accept Article 2 as written. After much discussion the Article was amended by Nancy Newman to read:

I move that the Town vote to amend the Article by striking out the words "northerly by IB Zone" and substituting therefor the words "northerly by a line parallel to and 400 feet northerly from the northerly line of Messenger Street."

Vote on amendment: Yes, 314; No, 44. Amendment carried.

AUSTIN F. GRANT, Town Clerk

Boston, Mass.

September 18, 1969

The foregoing amendment to zoning by-laws adopted under Article 2 is approved.

ROBERT H. QUINN
Attorney General

Report of the Board of Registrars

To the Honorable Board of Selectmen

Gentlemen:

The past year has been a normal one for the Board of Registrars, with the new registrations not exceeding by any great degree the normal for a town of our size.

As it was mentioned in last year's report, the forming of the Norfolk County Registrars of Voters Association would be helpful and it has. Most all towns have the same relative problems, and solutions voiced by other towns can and have been helpful to this board. Changes in election laws, and the duties of Registrars throughout the Commonwealth are discussed at great length at our "work shop" type meetings.

A member of Plainville's Board of Registrars has been honored by being elected as Treasurer of this newly formed organization.

With talk of changing the voting age so prevalent it is quite educational to hear the various viewpoints circulated throughout these meetings.

The Census takers have been assigned and we hope the townspeople will cooperate fully in their efforts to make our records complete.

The latest Registrars' figures are as follows:

Republicans	788
Democrats	235
Independents	897

Respectfully submitted,

RICHARD M. COBB, Chairman
ROBERT B. THIBEDAU, Secretary

Report of the Finance Committee

To the Honorable Board of Selectmen:

Your Town Finance Committee has had frequent meetings throughout this year. We have had excellent representation and have enjoyed the cooperation of Town Officials in resolving the problems that have arisen.

We sincerely regret the resignation of Mrs. H. Bertha Browne and Mr. Daniel Malone and their presence will be sorely missed.

We have been fortunate in the appointment of Mr. George Pray and Mr. Robert Barney to fill these vacancies.

The money appropriated at the Annual Town Meeting for extraordinary and unforeseen expenses has been disbursed as follows:

1. Interest on Temporary Loans	\$1,402.94
2. Vocational Education	75.44
3. Interest on Temporary Loans	1,547.00
4. For Tax Title	3.94
5. For Vocational Education	57.30
6. For Dog Officer	80.00
7. For Highway Center of Town Account	1,000.00
8. For Insurance (under estimated)	843.71
9. For Town Office Maintenance	1,195.00
10. For Vocational Education	15.60
11. For Ambulance Account (payroll)	100.00
12. For Tax Title	30.54
13. For Vocational Education	48.60
14. For Fire Department (Forest Fire & Call Men)	2,733.95
15. For Police Department (Expenses-underestimated)	1,000.00
16. For Police Department (Payroll account)	1,492.64
17. For Civil Defense (rent)	131.38
18. Vocational Education	196.70
19. For Fire Department (Expense)	1,151.53
20. Selectmen's Account	120.00

21. For Vocational Education	63.00
22. For Ambulance Account	112.27
	<hr/>
Leaving an unexpended balance of	\$1,598.46

The following inter-departmental transfers were allowed (these required no transfers of money from our extraordinary and unforeseen account):

- (a) From Mental Health to Board of Health
(Percolation Tests) \$400.00
- (b) From Selectmen C & I to Town Office
Maintenance (Air Conditioner) \$225.00

From the Escrow Account (set aside for step increases during the year):

	\$3,000.00
(1) To the Police Department	\$307.36
(2) To Selectmen - Clerk	130.00
	<hr/>
	437.36
	<hr/>
Balance in Escrow Account	\$2,562.64

Your Finance Committee strongly recommends that the voters give deliberate consideration to the establishment of the position of Town Accountant. This individual, in addition to providing the obvious benefits of an up to the minute accounting of all Town funds, could also assume the responsibilities of Office Manager, Selectmen's Agent, and Town Purchasing Agent.

Such a position would provide a nucleus for efficient and business-like practices.

Respectfully submitted,

DAVID B. LOMASNEY, Chairman	GEORGE W. PRAY

Town of Plainville Finance Committee

Report of the Highway Department

To the Honorable Board of Selectmen

Gentlemen:

Under Chapter 81 a complete drainage system was installed on Berry Street near the Wrentham Town Line to eliminate a bad condition that has existed for many years.

Mathurin Road, Freemont Street, Hillside Road, Cottage Street from Spring Street to Pleasant Street and a section of Messenger Street were surface treated with one-quarter gallon per square yard of M. C. 800 Asphalt with a sand cover.

Under Chapter 90 Maintenance 953.85 tons of Bituminous Concrete Type I-1 was applied on Messenger Street.

The Old Cemetery on West Bacon Street was mowed and cleaned up during the summer months.

In conjunction with the Highway Department program, drainage, catchbasins, brush cut along the roadside, gravel roads were scraped and graveled; bituminous patching and maintenance of roads was realized.

The balance of the money appropriated under Chapter 40, Section 6H of the General Laws to make repairs to private ways was used to seal Branch Avenue, Haynes Road, Elm Way, Zeller Avenue and Martin Lane with one-quarter gallon per square yard of M. C. 800 Asphalt with a sand cover.

Under Chapter 616 a section of Hawkins Street from Peck Road northerly was excavated, widened, graveled, graded, rolled and penetrated with three-quarter square yard of M. C. 250 Asphalt.

It has been a pleasure to work with and for the other departments during the year.

In submitting this report I again wish to thank your Board and the members of the Highway Department, and the other department

heads of the Town for their cooperation during the year.

Respectfully submitted,

EVERETT W. SKINNER
Superintendent of Streets

Report of the Plainville By-Law Review Committee

Board of Selectmen
South Street
Plainville, Massachusetts

To the Honorable Board of Selectmen

Gentlemen:

We hereby submit our annual report to you and the residents of Plainville for the year 1969.

Unfortunately, because of personal commitments and the resignation of one of our original members, our Committee was unable to be as active in 1969 as in 1968. The committee regrets the resignation of Mr. Robert Malin, our part chairman and original member and we wish to thank him for his extra fine effort in his work with us.

The committee welcomes the appointment of Mr. Raymond Miller.

Again, this year, a \$100.00 expense account will be requested and an additional \$1,000.00 for reprinting as many of the by-laws as possible.

The Committee urges the townspeople to vote this extra reprinting money because most of the by-laws are so out of date and in several cases there are no copies available at all.

One of our main objectives in reprinting will be to have them in loose leaf form so future updating will be at a minimum cost (page by page, rather than book by book).

The Committee looks forward to more refinement of the by-laws and more close cooperation in doing so with the town departments and committees.

Town of Plainville

Town Counsel's Report:

The following cases are still pending against the Town:

Nirvana Trust	Vs:	Town of Plainville
Ruth Franey	Vs:	Town of Plainville
James Jinks	Vs:	Town of Plainville
Florent Baker	Vs:	Town of Plainville

There is also a case pending on behalf of the Town of Plainville
Vs: United Builders, Inc. et al - Land Court Tax Title Foreclosure.

The Town Counsel has been kept busy with various tax problems, zoning problems, sub-division problems, rendering of opinions, drafting deeds and other instruments and various other legal problems from the various Town Departments.

I expect that legal problems will continue and in all probability increase.

I express my appreciation to all Town Officers and Boards and in particular the Board of Selectmen for the assistance and cooperation given me during the year 1969.

Very truly yours,

CHARLES R. MASON
Town Counsel

Report of the Conservation Commission

To the Honorable Board of Selectmen

Gentlemen:

Annual report of the Plainville Conservation Commission:

The conservation area off George Street has seen increased use during 1969. Activities which the commission encourages are: camping with permission, hiking the many trails, hunting and fishing in season and use of the nature trail. Winter sports of sledding are encouraged at the "gravel pit area".

The conservation area has been improved through the partial grading of the gravel pit area. Different varieties of seed bearing crops for wildlife were planted. Boy Scouts have done additional clearing of fire trails. Litter has been picked up by concerned people who wish to enjoy a clean environment. A conservation field day for Boy and Girl Scouts was held with 70 scouts receiving conservation patches.

The commission has fought the pollution of our environment with indifferent success. It is hoped that everyone will be in this fight for clean air and water. An aroused public will force action by authorities.

During 1970 the commission hopes to finish the clearing of the fire trails and to chip the brush that has been cut. A picnic area by the Mill Pond will be finished. We would like to receive suggestions on additional projects. Any help would also be appreciated by the commission.

Report of the Housing Authority

To the Honorable Board of Selectmen:

Plainville Housing Authority saw the completion of the elderly housing project on Route 106 this fall as scheduled. Open house was held late in October and at that time applications were accepted for 90% of the apartments. At the present time the project is fully rented. Trees and shrubbery will be planted early this spring, and acceptance of the project is expected soon thereafter.

Authority member, Melvin Dwyer, was elected Executive Director by the Authority, leaving a vacancy on the Board.

The Authority would like to take this opportunity to thank Police, Fire and Highway Departments for their fine cooperation during construction.

Report of the Personnel Board

To the Honorable Board of Selectmen

Gentlemen:

The year 1969 has been a year of activity and turnover for the Personnel Board. Notwithstanding, we have shown some progress in the continuing aims stated in previous years reports, such as:

We have submitted changes in the Personnel By-Laws to the By-Law Review Committee in an effort of continuing updating and modernizing of same. We have continued membership in the Massachusetts Municipalities Personnel Association, thereby contributing to information collated by the Association, and disseminated for the use of member Town governments.

We have endeavored to continue clarifying the procedures and policies of the Personnel Board in our contacts with other Town Boards, Departments and Town employees.

We met with representatives of the Town employees to discuss and recommend a wage and benefit package for 1970. Some of these include a three year wage schedule, embodying in yearly increments of 10%, 7% and 6% cost of living increases; accumulative sick leave provisions and an improved vacation structure.

We have made progress in having a complete personnel record keeping system, received job descriptions of most positions in Town and met with most Town Departments in an effort to improve communications.

We accepted with regret the resignations of James Cassidy, Richard Stackpole, Robert Adams and Walter Matthews.

To conclude, the following is the 1969 financial statement of the Personnel Board:

Report of Agent for Board of Selectmen

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report as Agent for the Board of Selectmen for the year ending December 31, 1969.

During the year I have made periodic examinations of all areas of the town in an effort to keep Plainville free of cars abandoned on private property.

The townspeople have been most cooperative and have complied with regulations when notified of their violations. It is well to call attention to the fact that "Unregistered, inoperative automobiles stored out of doors for more than six months shall be considered junk." This is quoted from the Zoning By-law under Article IV - Definitions.

Many calls have been received and answered relative to the Zoning By-laws and I would like to express my thanks to Town Counsel Charles R. Mason for his advice and cooperation.

All local establishments holding alcoholic beverage licenses have been inspected and occupancy permits issued for 1970.

My thanks to the Board of Selectmen and Health and all town officials for their cooperation during the past year.

Respectfully submitted,

CLINTON E. BARTON, SR.

Report of the Building Inspector

To the Honorable Board of Selectmen

Gentlemen:

I submit herewith my report as Building Inspector for the Town of Plainville for the year ending December 31, 1969.

The following permits were issued at an estimated total of \$2,760,768.55 and fees collected total \$2,955.50.

26 Dwellings	\$466,500.00
1 Apartment Complex	2,200,000.00
24 Alterations and Additions to dwellings	34,488.55
10 Additions and Alterations to Industrial and Commercial Buildings	26,830.00
10 Miscellaneous Permits: Barns, Sheds, Garages	12,950.00
1 Addition to Private School	20,000.00
3 Buildings Razed	

There was an increase of 50% in the total dwelling permits issued over 1968.

The largest permit issued was for a 311 unit apartment complex. Two additions to factory buildings were issued in compliance with the anti-water pollution program which should prove beneficial to our ponds and the Ten Mile River.

It has been my pleasure to serve as Building Inspector for the Town and wish to thank the Board of Selectmen, all other town officials, townspeople and contractors for their cooperation during the past year.

Especially do I thank Warren Paglari who was appointed Assistant Building Inspector, for his assistance and availability when I had to be out of Town.

Respectfully submitted,

Report of the Park Department

To the Honorable Board of Selectmen

Gentlemen:

Park activities centered around the new swimming pool which had been completed in August of 1968.

Three hundred seventy-five (375) children received swimming instruction with one hundred forty (140) Red Cross cards given for certification of beginners through Junior Life Saving.

The staff was headed by Paula Sharon, assisted by Susan McKinnon, Joan Gzrenda and Andrea Poirer. Grounds and maintenance were taken care of by Tom Vine and Steve Cooper.

The craft and sports programs were held to a minimum by the Park Commissioners in an attempt to hold back expenditures pending the actual operating cost of the new pool for a complete season.

Replacement of playground equipment was begun with the purchase of a new merry-go-round.

We wish to publicly thank Everett Skinner for his assistance with the mechanical operation of the pool.

To the Honorable Board of Selectmen

Gentlemen:

The Town Government Study Committee has not functioned efficiently due to the lack of a full committee. However, we made every effort to meet monthly. During that time we did meet with the Chairman of a nearby similar committee and learned how they proceeded in making a study and making changes that might benefit their town.

At present the committee is doing research into the forms of government that area towns might have.

Equipment & Supplies	
American Fire Equipment	
Equipment	<u>158.00</u>

Total Expended:	<u>525.74</u>
Balance:	\$724.26

The year 1969 has been the busiest year since the start of the Ambulance service in 1961 when we made 98 trips. This year totals show 230 trips plus many more trips by the Fire Chief's Car.

We have complied with all regulations of the Department of Public Health, Division of Hospital Facilities in order to be Certified by the Commonwealth of Massachusetts.

I am requesting \$300.00 be transferred from the Replacement Account. Last year we transferred \$1,250.00 from this account for supplies and equipment in order to comply with the State requirements and also to purchase a radio on the Norfolk County frequency. Due to increased costs we were unable to purchase same. I feel this is a very important piece of equipment for the efficient operation of the ambulance.

Respectfully yours,

C. E. SKINNER, JR.
Chief of Fire Department

Report of the Police Department

Honorable Board of Selectmen
Town Offices
Plainville, Massachusetts

Gentlemen:

As the year 1969 comes to a close, I would like to submit the following reports for the Town book.

The first and in my mind the foremost accomplishments of 1969 was the fact that Patrolmen LaMothe, Sandland and our new Sergeant Macomber graduated from the Massachusetts State Police Academy near the tops of their classes. Sergeant Peavey has been to a Narcotic School run by the State Police and also a command training seminar. He is enrolled at Dean College now. Patrolman Sandland has graduated from the F. B. I. Firearms instructors course and is also at Dean. Patrolman LaMothe is listed to go to the Narcotic School in January, and Patrolman Olszewski has been accepted for the State Police Academy in 1970 and is also a student at Dean. And I have been attending a course at Bryant on Police Administration. This, I feel shows much interest on the part of the men but should also give the townspeople a sense of pride, because they made this possible.

We have remodeled the Police Station and made a separate office for the Police Chief, which has been very nice, and I would like to state that as much as possible I will be in my office every Tuesday

evening so that any person in Town, young or old, that has a problem they would like to talk over in private, or just want to stop in, they will be welcome. I am hoping to complete the repairs on the Police Station this year.

It goes without saying that the best investment the Town made last year was the two Police package cruisers. These vehicles have been in steady use, have been maintained, and maintenance costs have been minimal, so that we do not need new ones this year.

I want to thank the men of my Department for their diligence and support, the Fire & Highway departments for their tremendous help, and all others who have made the job easier by their help.

As you know this Department is requesting Tenure from the townspeople this year, and I would like to explain this briefly here. As you are aware, we are appointed annually, and are the only Town in the area in this position. The only difference between Tenure and what the Town accepted last year is to abolishment of the annual appointment, as the control is still held by the Board of Selectmen, and they can set their own recommendations as to what qualifications are best for this Town, as opposed to Civil Service where it is all handled by the State. I want to thank your Board for the support you have given us in this endeavor and hope that the townspeople will support us, too.

With the constant changes in the laws today, it is rewarding to see the men of this department furthering their knowledge and education and I hope that you and the Town are as proud of us as we are proud to be Plainville Police Officers.

Respectfully submitted,

ROBERT R. FAILLE
Chief of Police

Sergeant

Robert R. Faille, Chief
Plainville Police Department
Plainville, Massachusetts

Dear Chief:

Per your request for my report re: Motor Vehicle Accidents for the year ending 1969 along with a report of the serviceability of both cruisers with the present mileage as of this date, December 16, 1969, please accept this following report:

This Department has investigated one hundred and forty-eight Motor Vehicle Accidents, out of which thirty-seven were injured. Three were fatally injured, two Pedestrian Accidents, one of which was a fatality.

Total Mileage on Cruiser unit 33 is 33,156.1 Miles.
Total Mileage on Cruiser unit 34 is 29,000.0 Miles.

Each of these units is inspected by the Chief, Sergeant, and every Police Officer before each starting of shifts, and a report is made out and given in after each tour of duty is ended if anything is faulty. Also, each one of these units mileage is checked and an oil change

and oil filter is given to them at 1500 miles.

Tune-ups are attended to by Plymouth Dealers at Anderson Motors in Attleboro at every 10,000 miles. To this date all units are in very good mechanical and excellent body condition.

Respectfully,

THOMAS R. LaMOTHE

REPORT OF THE RECORDS DIVISION OFFICER

Chief Robert R. Faille
Plainville Police Department
Plainville, Massachusetts

Dear Chief:

This year of 1969 has been a very good one as far as the records' section is concerned, but as any new system there are a few bugs in it.

I now make a proposal for the year 1970:

1. All Motor Vehicle accidents investigated by this department shall have a report made out. If damage is over \$200.00 two (2) copies will be made out, damage under \$200.00, a Police copy for our records shall be made out.
2. Any complaint received and investigated by this department shall have reports made out and all incidentals such as date of births shall be recorded, also middle initials.
3. All citations marked Complaint shall be left in the basket on the desk after the complaint has been disposed of and on the back side of the Police Department copy the disposition of said case, so that at the end of the year a report can be easily made.
4. All Arrests that are made during this coming year shall have a "Blue" Arrest Sheet made out. The disposition of said arrest shall be submitted on the seventh line from the bottom. If arrested on a

Warrant for another department, state so on the same line, and give name of department and officer (s) who picked same up.

I would like to thank all the Officers who have done a very good job this past year in helping me with this system.

Thank you,

THOMAS LaMOTHE
Records Division Officer

REPORT OF CITATIONS FOR 1969

December 18, 1969

Robert R. Faille
Chief of Police
Plainville Police Department
Plainville, Massachusetts

Dear Chief:

Please accept this report that you requested of me on all citations and the reasons why they were issued.

There were 147 citations issued for the year ending 1969, and the following are the charges listed below:

Endangering	8
Speeding	64
Drunkenness	4
Red Lights	10
Stop Signs	26
Operating after suspension	3
Operating without a license	13
Operating under the influence	6
Possession of an alcoholic beverage	3
Operating an unregistered and Uninsured	3
Leaving the scene after causing personal injury	1
Improper starting	5

Racing	2
Failure to stop for a school bus	6
Improper turn	1
Failing to use care and caution	1
Operating without registration in possession	7
Leaving the scene of an accident after causing property damage	1
Failing to display inspection sticker	1
Failing to have vehicle under control when passing	1
Allowing an improper person to operate	2
Operating after 1:00 a. m.	2
Operating without a license in possession	4
Failing to display proper equipment	1
Total Charges	<u>175</u>

As of this date there were 85 complaints, which ended in court action at Wrentham District Court, amounting to approximately 278 hours court time for this department.

As of this date there were 49 warnings issued by members of this department which did not warrant court action, but were referred to the Registrar of Motor Vehicles, and will be handled by his office.

There were also 10 arrests made by members of this department, resulting from Motor Vehicle violations upon the highways. Of these violations were speeding, drunkenness, operating under the influence, operating without a license, operating without a license and registration in possession and operating after suspension. All charges were found guilty by the courts.

This department has spent numerous hours on selective enforcement at dangerous intersections where accident rates were the highest, also on streets where complaints from residents about speeding and other motor vehicle violations were reported.

The above is my report for the year ending 1969 on all citations issued by members of this department.

Respectfully,
 PHILIP S. OLSZEWSKI
 Patrolman, Plainville Police Department

Report of the Veterans' Agent

To the Honorable Board of Selectmen

Gentlemen:

Two increases in the veteran's budget in 1969, and increased benefits paid to recipients of veteran's services resulted in an increase in the budget. All applicants for veteran's services were approved by the commissioner of veteran's services, therefore, the town will be reimbursed for one-half of all aid approved by the commissioner.

Throughout 1969 veterans' services has assisted many veterans, and has at present two regular cases.

Respectfully submitted,

Ambulance Trips	<u>230</u>
Grand Total	700

This has been a full year for this department. Considerable effort and time has been spent on Training, Schooling, and Fire Prevention. The day of the strong back as a primary qualification for firefighting is gone. The demand will be for the technician, for the man who by education and aptitude has a capacity for developing the skill and efficiency needed to use the firefighting equipment developed by science.

The State of Massachusetts officially opened a Fire Academy in Stow, Massachusetts with a Supervisor of Fire Training and staff.

Each of the four full time firefighters attended classes on different phases of firefighting during the year at the Academy and on December 5th we are proud to say that each graduated at the first graduation exercises held by the State of Massachusetts.

A ten week course in Fire Department First Aid was held at our fire headquarters with all members attending one night a week for three hours per night. The instructors were from the State Fire Academy under the supervision of the Supervisor of Fire Training and in cooperation with the American Red Cross. This course covered Standard and Advanced First Aid, Rescue, and Accidents.

Firefighters Raymond Clontz and Calvin Lessard attended and graduated from an American Red Cross First Aid Instructors course held in Brockton for six weeks and are now certified First Aid Instructors for the State Fire Academy and the American Red Cross.

Firefighters Richard Pelletier and Robert Skinner attended and graduated from a four day advanced practical course on initial emergency care of the sick and injured at Harvard University sponsored by the State Committee on injuries and the American Academy of Orthopaedic Surgeons.

Deputy Chief Thomas Armitage and Firefighter Raymond Clontz attended a course of instruction for Cardiopulmonary Resuscitation in accordance with the American Heart Association at the Sturdy Memorial Hospital and graduated as instructors for this department on this subject.

The four regular firefighters and five call firefighters attended a two day Firefighters Seminar at the Norfolk Agricultural School in Walpole, September 21st and 22nd. This was sponsored by the Norfolk County Fire Chiefs' Association under the supervision of the Massachusetts Fire Academy.

Twelve firefighters including the regular men attended and graduated from a two night a month for three months course in firefighting held at the Norfolk County Agricultural School in Walpole sponsored by the Norfolk County Fire Chiefs' Association under the supervision of the Massachusetts Fire Academy.

Firefighters Richard Pelletier and Robert Skinner attended a course on Cardiopulmonary Resuscitation at the Sturdy Memorial Hospital.

Firefighters Calvin Lessard and Robert Skinner attended a one day seminar on Fire Prevention and Demonstrations at the Boston Fire Department Training Academy presented by the Massachusetts Safety Council.

Besides the above special schooling regular practices and meetings were held for the full department and members of the auxiliary department bi-monthly, plus many hours were spent by the full time men at study and practice.

A great deal of literature on fire prevention was obtained and a complete program was carried out during Fire Prevention Week in the Schools, Churches, and at Fire Headquarters. Also many hours were spent at the Hilltop Terrace, Rogers Nursing Home, and the local industries during the year.

As recommended in our last year's report, we are this year requesting the purchase of a pumping engine. An article will be inserted in the warrant for same.

We are also recommending the purchase of hose, home receivers, boots, coats, and helmets this year. This is to replace some items that need replacing and to supply some of the firefighters with equipment we do not have sufficient quantities of.

We wish to take this opportunity to thank your Honorable Board, the Officers and personnel of this department, the C.D. Auxiliary Fire Department, Police Chief Robert Faille and the Officers and men of the Police Department, Superintendent of Streets, Everett Skinner and the men of the Highway Department, and all others who have assisted and cooperated with us during the year.

Report of the Board of Appeals

To the Honorable Board of Selectmen

Gentlemen:

This Board apporports another year of inactivity. Apparently all other Boards, Committees and Departments have operated to the satisfaction of the townspeople to the extent that no situation or dispute requiring our services occurred. We view this turn of events with pleasure, and feel the town officers have functioned smoothly indeed.

We sincerely hope 1970 will be as uneventful.

Report of Water Commissioners

To the Honorable Board of Selectmen

Gentlemen:

Following is the report of the Water Department for the year ending December 31, 1969. Records from the Town Pumping Station show that 234,285,450 gallons pumped, 79,991,200 more than the year 1968. A total of 8,774.8 pumping hours, 641,604 gallons daily, 26,733 gallons per hour and 446 gallons per minute.

Wells #1 and #2 were completely redeveloped in the Spring of 1969. Also the Water Main Extension Project on Fletcher, Broad and George Streets have been successfully completed.

We wish to thank Superintendent Everett Skinner, Sr., the Highway Department, Mr. Lawrence Carpenter, Honorable Board of Selectmen, Finance Committee, North Attleboro Water Department, and Camp, Dresser and McKee for their excellent cooperation during the year 1969.

Report of Library Trustees

To the Honorable Board of Selectmen

Gentlemen:

We have had a good year. In 1969 our circulation has been good. We have added to our physical assets and many new and interesting books for our reading public.

A program has been established with the Boston Public Library Bookmobile through which books are loaned for our circulation. This program helps to reduce our capital outlay for books.

We have done some maintenance in the building, but hope to do a refinishing program on the floors. The entrance hall was redecorated.

Our Librarian, Mrs. Richard Cobb, has continued her high standard of excellence. We wish to thank her for her work as our Librarian.

We also wish to thank Mrs. James Finley for her work as our Assistant Librarian. We appreciate her devotion and diligence, and regret that she found it necessary to leave. We were fortunate in securing the services of Mrs. Robert Keniston as our Assistant Librarian. She has been with us before and we welcome her return.

Many thanks go to our maintenance man, Dick Cobb, for his extra curricular work in our behalf.

Civil Defense Report

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report as Civil Defense Director for the year ending December 31, 1969.

Although severely hampered again this year by a lack of funds C. D. did make some notable progress.

During the spring we trained twelve Radiological monitors, and received Radiological monitoring equipment from the Federal Government.

During the late spring and early summer we were able through the efforts of Chief Faille of the Police Department to form the nucleus of an Auxiliary Police Force.

The Auxiliary Fire Department continued their training program and added several new members during the course of the year.

Due to financial crisis created by the Emergency Hospital neither the Police or Fire Departments had any monies to purchase some much needed equipment and training aids.

Communications faired somewhat better equipment wise than the Police and Fire Departments. We were able to purchase two radios through Surplus Property. Also we were forced to replace our attack warning monitor radio after the old one proved uneconomical to keep in repair any longer.

As was previously mentioned in this report, the Emergency Hospital created a financial crisis for D.D. during the year. In August we were forced to remove the remaining segment from the Anna Ware Jackson School. The only suitable space we could obtain was a rented area at a cost of seventy five dollars a month. Needless to say, this was not figured in our budget and necessitated a transfer of funds to correct the deficiency in the budget created by the move into the rented quarters. As the year ended we were in negotiations with the Town of Norton for removal of the Hospital to their jurisdiction as it obviously is no longer economical for the Town of Plainville to keep it. We hope to have the move to Norton completed shortly after the first of the year.

We wish at this time to express our sincere thanks to all the other Municipal Departments for their help and cooperation throughout this past year.

Report of the Town Forest Committee

To the Honorable Board of Selectmen

Gentlemen:

We herewith submit our report for the Town Forest Committee for the year ending December 31, 1969.

The Town Forest was again cleaned and trimmed by the Boy Scouts as their conservation project. The appropriation of \$75.00 was paid to the Boy Scout Troop for the work done.

Report of the Tree Warden

To the Honorable Board of Selectmen

Gentlemen:

The appropriation this year was again used to take down dead trees and for trimming dead wood.

Some work was done on the shade trees with rods and cables, and during 1970 we plan to start a replanting program on a small plane to help replace some of the trees which have been removed.

Report of the Planning Board

To the Honorable Board of Selectmen

Gentlemen:

The Planning Board has met regularly on the first and third Monday of each month with the exception of those that conflicted with town meetings.

Both the spring and fall meetings of the Massachusetts Federation of Planning Boards were attended also the Ten Mile River meeting in Attleboro.

The Planning Board is of the opinion that it is important that Plainville join a regional planning district and therefore scheduled meetings with the two agencies that we may join. We met with the Southeast Regional Planning and Economic Development District on June 6, 1969 and with the Metropolitan Area Planning Council on September 29, 1969. After consideration of the relative merits we recommend that Plainville join the Southeastern Regional Planning and Economic Development District. We have prepared an article to be placed in the town meeting warrant for this purpose.

Hearings were held on three articles submitted by the By-Law Review Committee at the 1969 Town Meeting and later declared invalid due to the fact that no hearings were held, these have been submitted for the 1970 warrant.

The Planning Board has prepared one amendment designed to reduce confusion associated with the present Frontage and Width requirements.

Notices were sent by Town Counsel, on order of the Planning Board, to two subdivision developers relating to streets and sidewalks which must be completed in accordance with covenants held by the town.

The master linen of our zoning map has been sent to an engineering firm to be updated and should be completed shortly.

Communication has been established with the New York Central Railroad and new negotiations have been started in our efforts to have the bridges over the old New Haven tracks and right of way removed. This is the fifth year the Planning Board has been working on this project which has been stalled due to the New Haven bankruptcy.

Seventeen plans not requiring approval were presented for signatures. Fourteen were signed as presented, two were later signed revisions and one was submitted by the appellant to the Board of Appeals for a variance.

Our Budget Request for 1969 was	\$500.00
Our Appropriation was	400.00
We have Expended	<u>398.84</u>
Balance	\$ 1.16

On behalf of the other members and myself I wish to thank all of the boards, committees, town departments and citizens for the assistance given us this past year.

Respectfully submitted,

BRUCE E. HASTINGS, Chairman

Report of the School Committee

To the Citizens of Plainville:

An annual report to the people of Plainville covering all the activities and subjects dealt with during the course of a year, and involving all the issues and decisions encountered over a 12-month span would fill many pages, and in the interest of brevity it is our purpose here only to touch on some of the highlights which we consider to be of public interest.

For the first time in its history, Plainville will inaugurate a public kindergarten program in September of this year. In order to provide the space necessary for such a program, and to bring our age level more in line with the rest of the state, the School Committee has voted that effective with the 1970-71 school year, the entrance age for grade one will be 6 years as of August 31, and for kindergarten it will be 5 years as of the same date. Any child between the ages of 5 years 8 months and 6 years may be promoted to the first grade from kindergarten on the recommendation of the kindergarten teacher within the first two weeks of the school year.

The parents of all 5th and 6th grade children should be more than pleased and interested to learn that the School Committee has approved a new textbook and test kit program in Science for these grades beginning in January 1970.

For many years the Plainville Schools have been struggling with a report card which has proved to be contradictory and confusing to parents and teachers in determining the progress of their children in the school system. A sub-committee of teachers, administrators and School Committee representatives presented its recommendations for improvement in the layout and content of the report cards to be used in the Plainville elementary schools, and their recommendations were enthusiastically approved by the School Committee. We feel the new card is a fine step in the right direction and should serve to better inform the parent of his child's status, and also provide the teachers with an opportunity for fairer and more comprehensive grading of the students under his/her jurisdiction.

Our Physical Education Director has broadened his program this year to include intramural basketball and has added substantial equipment to better carry out his physical fitness and bodily exercise activities. There has been a decided improvement in this area over the past two or three years.

The elementary school gymnasium and pertinent facilities continue to be used to good advantage by the young people of Plainville. Both the Youth Forum and the P.A.L. (Plainville Athletic League) are conducting regular programs which are intended to instill in the participants good sportsmanship, wholesome activity, and correct social conduct, and to all appearances the programs are accomplishing their purpose to a satisfactory degree.

The School Committee authorized two Young Audiences Programs for the present school year. These have proven very interesting and informative in the past, and we are pleased to approve the recommendation of the Music Supervisor again this year. It was gratifying to learn that a portion of the cost of such programs will be shared by the Dominican Academy.

We had a successful Head Start Program this past summer and application has been made for approval of funds to continue the Head Start Program for the summer of 1970.

A quantity of new desks were purchased this year to continue our program of modernization. In this connection, the administrative offices were renovated, new counter tops were installed in many of the classrooms, and a new floor maintenance machine was purchased.

It has always been the goal of this committee to upgrade and strengthen our curriculum and programs especially in the basic subjects and the sciences to the point where we will be recognized as local leaders in the elementary school education - this to be done at no sacrifice to other subjects presently being taught. We shall continue to review, analyze, and survey our present methods in the three R's to determine whether they are the most effective and progressive programs that we can provide for the funds available. In this respect it is incumbent upon us to find ways and means to encourage and stimulate our teachers to attain and maintain maximum efforts and results in their respective teaching positions.

We are now in our third year of collective bargaining sessions with the Professional Rights and Responsibilities Committee of the Plainville Teachers' Association. Our position has been to try and keep our settlements with the teachers on a fair and just basis, keeping in mind the size of the town, size of the school system, teaching demands, and other factors which would influence our final decision.

The committee wishes to express its gratitude to all those associated with the schools for their fine support and assistance during the past year; we are most appreciative of the assistance of the King Philip Regional carpentry students in renovating the administrative offices; we acknowledge with sincere thanks the gift of the P.T.A. of library books for the elementary schools; and, as usual, we are especially grateful to those people who assist in our library programs.

Respectfully submitted,

Report of the Superintendent of Schools 1969

The basic job of our schools is to prepare the students so that their fullest potential may be realized. We must teach skills to all, up to the very limit of their capabilities. In addition, we must prepare them to contend effectively with the multitude of problems and responsibilities they will face in the adult world. This does not mean that we can cram enough learning into their early years to last the balance of their lives. This is merely "basic training" which prepares them for future years. This training must also concern itself with helping young people understand themselves and the world about them.

In the King Philip Regional School District we are constantly evaluating the curriculum and the overall objectives to insure that we are moving constantly toward our future goals. In the individual reports submitted by Mr. D'Aniello, Mr. Costa, Mr. Titus and Mr. O'Regan you will read of some of the problems, the achievements, and the aspirations of the administrators in their respective schools. I truly feel that to maintain the "status quo" in our schools is to fall behind and invite educational disaster. Constant improvement is a necessity.

As I mentioned in my initial report as superintendent, the basic problems facing us in the near future is the lack of adequate classroom facilities at the high school. This past summer we usurped the student council store, installed an additional door and created a small classroom. We are utilizing the present facilities at approximately 98% of capacity and leave virtually no room for expansion. Using the present enrollments in the junior high school and the three elementary schools as a base and with no allowance for additional students moving into the regional area, the student enrollment projections for the next eight years are:

	<u>ACADEMIC</u>	<u>VOCATIONAL</u>	<u>TOTAL</u>	<u>JUNIOR HIGH</u>
1969-70	897	100	997	621
1970-71	1005	100	1105	673
1971-72	1096	100	1196	705
1972-73	1188	100	1288	729
1973-74	1283	100	1383	717
1974-75	1349	100	1449	718
1975-76	1372	100	1472	779
1976-77	1397	100	1497	804(est)
1977-78	1446	100	1546	829(est)

To provide for this tremendous influx of students it is imperative that we start planning immediately for the construction of a new grade 7, 8, 9 junior high school in the town of Plainville. With the addition of this building and barring any unforeseen increase in school population, our housing needs should be satisfied until after the 1977-78 school year.

In March we welcomed Mr. A. J. D'Aniello to the regional school district as Principal of the high school. He was selected from an outstanding group of candidates and has done an excellent job. We are indeed fortunate to have added such an outstanding administrator to the regional high school faculty.

I would like to express my appreciation to all of the administrative staff, and to all faculty members of the King Philip Regional School District for their cooperation during the past school year. It is vital that we all unite to provide the children with the best possible education.

To the secretarial staff, custodians, and cafeteria workers my special thanks for their splendid effort on behalf of the tri-town students.

To the members of the regional school committee I would like to express my sincere appreciation for their invaluable assistance, for their long hours of service and for their concern with the problem of improving the King Philip Regional Schools.

Sincerely yours,

CHARLES L. MANOS

Superintendent

Report of the Superintendent of Schools

To the Plainville School Committee:

I consider it a privilege to submit my tenth annual report.

Introduction

It would be very easy at this time to use the entire space allotted to sum up the achievements of the past ten years. They have been many for the Plainville school system as you have expanded from 18 to 30 classrooms and have added Physical Education, Speech Therapy, Special Education, and a new building to your program. Departmentalization, semi-departmentalization, ungraded classes and an Opportunity Class with teacher aides have been established. Modern math, a co-basal reading system and additional testing programs have been installed. All teachers have worked to maintain and upgrade their professional skills. Much has been learned about specific learning disabilities, emotional disturbance, retardation and other handicaps to learning. Much is being done to overcome these handicaps which in the past were either ignored or accepted as problems that existed but could not be solved by the schools. Much progress has been made in the past decade.

Enrollment

The September 1969 First Grade enrolled 131 pupils, compared to 135 in 1968. Total enrollment was 702, with 480 at the Elementary School and 222 at the Jackson School. All totals were very near our estimates.

Teaching Staff

New teachers added in September were Miss Catherine Bertram at the Elementary School and Miss Lauren Haug at the Jackson School. Mrs. Doris Rae is teaching part time at the Jackson School. Miss Judith Stolworthy became Art Supervisor.

Principals

Mr. Edward Keaney continued at the Elementary School, and Mr. Emory Merrill replaced Mr. William Skitt at the Jackson School.

School Facilities

All twenty rooms at the Elementary School and all ten rooms at the Jackson School are used as follows:

	Elementary School	Jackson School
Grade 1	3	2
Grade 2	3	2
Grade 3	3	1
Grade 4	4	1
Grade 5	2	2
Grade 6	4	0
Ungraded	1	0
Opportunity Class	0	1
Special Class	0	1

Policy has been to permit any child in town to attend either school. No district lines are established. All sixth grades are at the Elementary School.

Federal Programs

1969 fund totals were: Title I, ESEA, \$4,640; Title II, ESEA, \$606.14; NDEA \$814.68; Summer Head Start, \$6,702; TOTAL, \$12,762.82.

State Aid

It is difficult to be sure of the amount of State Aid that the town will receive in 1970. We will receive considerably more than we did in 1969. Each year since 1966 the amount of State Aid has relatively stabilized the local cost of schools in Plainville, even if expenditures for the Regional School are included. In fact, the 1969 school tax was \$6.00 lower than the 1967 school tax rate.

Lunch Program

The lunch program continues under the capable direction of Mrs. Evelyn Snell. Mrs. Elwyn Wolowicz, Mrs. Priscilla Hayden, and

Mrs. Janet Marchand provide the lunches at the Elementary School. Mrs. Mary Wyzga and Mrs. Helen Bigelow operate the Jackson School cafeteria.

Library

The P.T.A. has continued to provide library services to both schools as in the past. As the volume of work has increased, more people have devoted much time to this project. We owe special thanks to Mrs. Rita Watson, Mrs. Miriam Lomasney, Mrs. Adele Felix, and the girls of Troop #963 for their endeavors during the year, including the summer and Christmas vacations. Also, Mrs. Norma Varney and Mrs. Emmy Buiting have continued the program at Jackson School.

Custodians

The custodial staff saw no changes during the year. Increased use of the building may eventually require the addition of night custodial time.

Curriculum

The main mission of a Grade 1-6 elementary school system is the teaching of fundamentals. Reading and arithmetic are the crucial areas of instruction. Other subjects taught are vehicles that are used to better teach and stimulate the learning in these basic skills. Many and varied materials are used by the teachers and supervisors to reach these ends. A new curriculum center in the Elementary School is recommended as a partial answer to this concept.

Conclusion

The Town of Plainville has an excellent school system. Modern buildings, plenty of space and a low pupil-teacher ratio are conditions not found in many communities. Administrators, teachers and all other school personnel working together in mutual trust and harmony for the good of the pupils is another factor that makes good education. The people of Plainville should be proud of their schools as they exist today. I wish to thank all the dedicated people who have worked together to make these good schools possible.

Respectfully submitted,
CARL W. GREEN
Superintendent of Schools

Report of the Principal of the Plainville Elementary School

Dear Mr. Green:

It is with pleasure that I submit this third annual report as Principal of the Plainville Elementary School.

Organization

The class and grade organization has remained the same, with all 20 rooms being utilized for instruction. In Grade 1 through Grade 3, all classes were self-contained. Grade 4 continued on a partial semi-departmental arrangement, and Grade 5 on a semi and fully departmental basis. Grade 6 has continued to operate on a fully departmentalized structure.

Great effort has been expended in attempting to place the child in the situation which will benefit him the most. Teacher observation and recommendation, evaluation and analysis of all testing, and determination of developmental level of growth in all phases, have been the main criteria in our efforts toward proper placement.

Curriculum

There were no major changes in the curriculum as such, but areas were expanded and strengthened through the acquisition of new materials and teacher adaptation to these materials and other processes of instruction. In the area of Science, for example, we were fortunate to have \$1,639.36 approved under Title III of the National Defense Education Act, which provides the community with 50% reimbursement.

Some of the items acquired from this funding are as follows: mobile instructor's desk, animal cell model, plant cell model, elementary school life science unit, primary science unit and a human skeleton with cabinet. Also, various kits including: density, evaporation, radiation, heat transfer, cloud chamber and galaxy. Standard lab equipment such as: beakers, cylinders, dishes, flasks, filters, test tubes, tubing and stoppers were also obtained.

Teacher Training

As exhibited in the past, the teachers have shown a true spirit of professionalism by taking courses at various area institutions of higher learning. They have also attended many workshops, lectures and seminars suited to their specific areas of instruction.

With the growing concern over the diagnosis and treatment of children having learning disabilities, an excellent percentage of our teachers successfully completed a course sponsored by the Massachusetts Association for Children with Learning Disabilities.

Report Cards

This past year resulted in the development of a new report card for the Plainville Schools. A committee comprised of school board members and teachers, under the coordination of Mr. Skitt, formulated this card after much analysis and investigation and with frequent consultation with all of the teachers. Basic changes effected were: a separate card for Grades 1-3 and Grades 4-6, four reporting periods rather than five, the elimination of letter marks for Grades 1-3, and in general, a detailed and specific report reflecting the social, emotional and academic progress of the child.

Field Trips

The children were afforded the opportunity to visit places of educational value through the utilization of interesting and informative field trips. The third grades went to the Museum of Science in Boston, and the fifth grades to the John Woodman Higgins Armory in Worcester. The sixth grades went to Heritage Hall in East Boston, which provided a graphic and excellent review of revolutionary times in and around Boston. They also were able to visit the Wax Museum on Boylston Street before returning home to Plainville. This past fall the fifth and sixth grade children were able to see a very interesting exhibit of prominent industry in and around the Attleboro area by visiting "Expo 70" held at the Attleboro High School.

Physical Education, Music and Art

In the area of Physical Education, much progress was made due to the acquisition of new equipment and the efforts of Mr. Moore, our instructor. Under the direction of Mr. Moore an intramural basketball program was started this year with boys in Grades 4, 5 and 6 participating. This is proving to be a sound program as evidenced by the enthusiasm and fine attendance for this offering.

Our music program, under the direction of Mrs. Harrison, provided the children with many opportunities to develop an appreciation and interest in this area. Youth symphony concerts held at the school and trips to Boston to attend musical performances were some of the activities that the children were exposed to.

In the field of art we were most fortunate to be able to obtain the services of Miss Judith Stolworthy, who has developed a very interesting and creative program for our system. The extreme enthusiasm shown by both children and teachers have further verified this fact.

Conclusion

In my opinion, Plainville can well be proud of an excellent school system. Many factors have contributed to this, but primarily the fortunate circumstances of having a sincere and dedicated teaching staff, helpful and cooperative parents, and an enthusiastic and cooperative group of young boys and girls.

Acknowledgments

I would like to thank and express my gratitude to everyone who has contributed in any way to the operation of the schools. I would especially like to thank you for your continued help and advice in matters of school administration.

Respectfully,

EDWARD L. KEANEY, Principal

Report of the Principal of the Anna Ware Jackson School

I respectfully submit to you my first annual report as Principal of the Anna Ware Jackson School for the year ending December 31, 1969.

My first year as Principal of the Jackson School has been a very rewarding experience. You, Mr. Keaney, and the teachers of Plainville have all been very helpful and understanding. I would be remiss if I forgot to mention the classified help. Their friendly and cooperative manner helps cheer up a gloomy day.

A number of noteworthy events have occurred at the Jackson School this year. Our enrollment has reached an all time high of 227 students, yet we have maintained an excellent pupil-teacher ratio, at a time when surrounding towns have overcrowded classes and double sessions.

The interior of Jackson School has been greatly enhanced through the purchase of new royal blue curtains for the stage and the acquisition of two new flags for the cafeteria. Our future assembly programs will be held in a much better setting and will be easier to direct.

Our cafeteria has also received a new wall mounted Physical Educator. This equipment, ordered by Mr. Moore, our Physical Education Coordinator, has helped stimulate and improve our winter "gym" program. The Physical Educator adapts for a diversity of different exercises. Gym classes, you might say, are "swinging" this year for the children can work out on ropes, still-rings, poles, trapezes, and parallel bars.

A new television was added to our list of audio-visual equipment. The first grade teachers have used the set effectively in conjunction with "Sesame Street". Certain sections of the program are followed up with enrichment materials and drill.

Our school library, under the able direction of Mrs. Buiting, and assisted by Mrs. Bedard, Mrs. Underhill, Mrs. Soule, Mrs. Finnegan and Mrs. Varney, has been increased by over 300 new books. The

purchase of these books was brought about through the hard work of the Plainville Teachers' Association and the Jackson School teachers. A fair and cake sale provided the necessary money for these new editions.

The development of individual student potentialities in terms of special abilities, interests and needs must be met through the use of diverse learning experiences and instructional procedures. The Lorge-Thorndike intelligence tests were given to all students in Grades 3 and 5 to help determine needs and potentials. Grades 3, 4 and 5 were assessed by the Iowa Test of Basic Skills, and Grade 2 children were administered the Stanford Achievement Test. In addition to our group testing program, teachers qualified to administer the Wechsler and Stanford-Binet intelligence tests, were kept busy testing individual students when the group tests failed to provide enough information.

Some of our special counseling cases were helped by the clinical psychologist at the Cutler Clinic in Norwood and by the social worker from the Children's Protective Services in Taunton.

Mrs. Pray, the School Nurse, administered ear and eye tests to all the students, and Dr. Cotter, the School Physician, inoculated some of the children in Grades 1-3 against German Measles. Dr. Cotter also gave complete physical examinations to all of the children in Mrs. Reynolds' class and to all the boys and girls in the first and fourth Grades.

Some significant improvements took place on the playgrounds this year. Two large and dangerous ventilation pipes were removed from the center of our athletic field. The removal of these pipes gave us a much larger and safer play area. Frank Sienko and Al Pothier demonstrated their artistic talents by painting different games on the blacktop play area, thus giving the children even more games to play.

On Arbor Day the First Grade children, under the supervision of Mrs. Martin and Mrs. Keyes, planted two lovely dogwood bushes in front of the school. In the future we hope to continue our beautification program with many more tree plantings.

Field trips were taken last spring by most of the students. The first graders enjoyed themselves at Capron Park, while the third

graders went to the Museum of Science in Boston. Mrs. Cooper took her fifth graders to the Armory in Worcester, and Mrs. Reynolds journeyed with her boys and girls to the State Fish Hatchery and to the Plainville Fire Station.

Another highlight of the spring season was the Jackson School Science Fair. Mrs. Unger was its director, and the Fair was extremely successful. Ted Buiting was the Grand Prize Winner, while Gala Harrison captured the Division One title, and Dennis Watson took top honors in Division Two.

In closing, I wish to thank the School Committee and Superintendent Green and the Plainville teachers for their concerned and sincere efforts to provide the best education possible. We must continue to study and plan for curriculum revisions in the future if we are to provide modern education, a most essential responsibility if our democracy is to continue its leadership, or even its existence, in the world.

Respectfully submitted,

EMORY MERRILL, Principal

Report of the Principal King Philip Regional High School

I am pleased to submit my first Annual Report as Principal of King Philip Regional High School. Upon assuming the principalship on March 6, 1969, I was most impressed by the spirit of acceptance and cooperation that prevailed. I was fortunate to inherit a most efficient, well-organized school.

As I settled into my position, I concentrated on two major responsibilities of the principalship - the daily administrative tasks and an administrative evaluation of the total school environment. I was most desirous of discovering the quality-level of education in my new school. As I visited the classrooms and laboratories, I was most pleased with my observations. Quality instruction was taking place at King Philip Regional High School. Excellent teaching methods were being employed and a variety of materials and equipment were being utilized. I sensed a good teaching-learning environment in many classes. I was most happy with the program of studies. King Philip Regional High School was moving ahead to meet the challenges of the times. I found many fine programs in the operational or planning stages. I quickly investigated the goals and objectives of these programs and found them to be sound and desirable.

The Cooperative Office Practice Course of the Business Department is an outstanding program. It is working out very well and will be expanded in the future. We also have a Cooperative Work Study Program for students enrolled in our Special Education course.

Our English program was truly enhanced by the addition of our Modern Literature course. This course has been well received by the seventy students enrolled. In today's society, we must endeavor to offer a modern curriculum which meets the needs of our students. Our Modern Literature course, as well as our Drama course, strengthens the humanities facets of our curriculum.

I am most pleased with our new Social Studies courses. Afro-Asian Studies, American-Russian Government, Contemporary Issues and Sociology-Economics, developed during last Summer's Workshop, have been most successfully implemented. We feel these courses are most relevant and modern.

Our Foreign Language courses are being enhanced by the latest techniques of teaching. Much use is being made of our language laboratory and supplementary audio-visual material.

The Science Department is continuing its thrust to enhance all Science courses. Many meetings have been held at all levels. Many of the new approaches are being assimilated: BSCS Biology has been adopted; CHEM Study are being used in our Chemistry courses. A greater emphasis on laboratory work is evident. The Science Department is especially proud of its new Weather Station and fully-operating greenhouse, two important means of making subject matter more relevant and interesting.

Our Mathematics program is most comprehensive. The courses offered meet the needs of our total population as they range from General Mathematics to Calculus. Evaluative criteria applied to the Mathematics program indicate a well-organized and effective program.

Our Guidance services are most complete and effective. The services range from highly-individualized counseling to a computer-assisted program. I have noted with pride that our services include counseling for parents and alumni as well as students.

When I became Principal of King Philip Regional High School last March, a rather serious problem in Athletics immediately confronted me. I am pleased to note that conditions are improving. I am very proud of our accomplishments on the gridiron and look forward to similar accomplishments and progress in the other areas of Athletics.

Due to an improved scheduling format, our Physical Education program has been enhanced. Classes are smaller and more time is allotted for personalized instruction.

Our Reading program is operating well. Two instructors and a most modern, well-equipped laboratory provide meaningful assistance to those 200 pupils enrolled.

Home Economics is well enrolled. Over 200 future homemakers are being taught a well-thought-out program to assist them in family and home management.

We are most proud of our Music Department. The King Philip Band and Choir performed outstandingly to large audiences at both our Spring and Christmas Concerts. The Marching Band and Color Guard, replendent in their new uniforms, performed at all football games as well as in a number of parade appearances.

The Industrial Arts offerings have interested over 360 students. Our Industrial Design course is proving a most valuable experience for those interested in technical and engineering fields. Mechanical Drawing, Wood and Metal classes are substantially subscribed. Many fine projects have been made by our students.

An area of concern is our Art Department. This year finds 234 pupils enrolled. Although our art teacher is doing an admirable job of instructing and motivating, any increase in numbers would be detrimental to our program. We may have to close the enrollment at 240 next year. Any further increase beyond 240 would be a hardship both on the instructor and the one-room facility.

Sensing the pulse of our school during my first weeks as principal, I noticed that some improvement was needed in the vital area of communications. In an effort to close any "gaps" that might inhibit progress, two committees were established last Spring; one committee composed of fourteen teachers was called the Faculty Council; the other committee composed of twenty students was called the Principal's Committee on Student Concerns. Both groups were invited to meet with me to explore ways of improving our school. The experiences I have had with these two groups have proven to be most valuable. Many excellent ideas have come forth to improve and enhance our school atmosphere and programs. Some of the significant ideas have resulted in changes in the areas of student rights and responsibilities, evaluation, discipline, social events, dress, scheduling and student government. I have found both student and faculty thoughts most helpful in my efforts to create the best possible educational opportunities here at King Philip Regional High School. In keeping with this objective, a Newsletter was sent to all parents informing them of our progress and inviting them to share their ideas and concerns with us. The response has been most gratifying.

I am pleased to report that increased efforts have been made toward the end of coordinating our Senior High program with the Junior

High and Elementary programs. Several joint meetings have been held and more are planned so that we might fully understand our mutual objectives and aspirations. The fine cooperation I have received from the Junior High staff and the Elementary Schools of our district is most pleasing to me. Our efforts to communicate have been extended both within and without our school. Many meetings have been held with clergymen and community agencies concerning our mutual roles of service to young people.

A problem which must be commented on is the drug problem. I have been most cognizant of the fact that drugs threaten the very lives of our students. Many steps have been taken to protect our students. The following procedures are employed:

1. Units on Drugs presented to 10 Biology classes and 9 Social Studies classes.
2. Guest speakers (2) from Marathon House, a drug rehabilitation center, visited 21 English and Social Studies classes. They are scheduled to return to complete coverage of remaining groups.
3. Guest speakers from Marathon House met with the Administration and Guidance staff.
4. A filmstrip-record unit has been purchased by the school system to be used in Biology and Social Science classes.
5. A set of overhead projectuals have been purchased to be used in Guidance and classrooms.
6. Drug education has been discussed by both Faculty Council and Student committees.
7. Administrators have attended several local, state and regional conferences on drug abuse.
8. A procedure has been worked out by the Administrative staff regarding how to proceed if a drug use or possession case is discovered.
9. Three very fine films have been scheduled for this Spring.

Many additional procedures are planned for the future to assist our students to recognize the inherent dangers of drug abuse.

I was saddened by the low enrollment in some of our elective courses this past year. Latin, Russian, Creative Writing and Advanced Chemistry could not be offered because of the small number

of enrollees. Rather than drop the courses from our curriculum, we have offered the Creative Writing and Advanced Chemistry on an Independent Study Basis. Several students responded and have subscribed to them as supplementary electives. We are most anxious to retain these courses as part of our formal curriculum. Perhaps interest will be renewed next year.

Extra-curricular activities have been enlarged and participation is excellent. Many young people are most actively involved in our various clubs. Many fine projects have been undertaken bringing many benefits to our students as well as to people in other lands. I think specifically of the National Honor Society project which resulted in a new school building for the children of El Arenal, Nicaragua. Also several projects have assisted needy people in the area including Marathon House in Attleboro and the New England Home for Little Wanderers in Boston. I am proud of our student activities and the fine spirit of concern for the less fortunate.

An extra-curricular activity creating some excitement this year is our Mathematics Team. We have entered our team in the South-eastern Massachusetts Mathematics League and have been most successful in league competition. A Future Secretary Club has been formed. Our Foreign Language Clubs continue to be most active. A most enjoyable time was had by all who attended the International Christmas party held in our cafeteria.

Although my evaluation of our school has pointed out many fine accomplishments, I must also share some of my concerns. Information regarding increasing enrollments leads me to recommend that we think seriously of expanding our facilities. While class sizes are good this year, I am a bit anxious as to the future with enrollments climbing in the lower grades. This is a threat to continued quality education. The curriculum expansion, so vital in our times, may have to be curtailed because of space limitations. As the influx from the lower grades increases, the pupil-teacher ratio will be increased. We cannot enlarge our staff because of the limited number of teaching stations. The only resolution will be to increase the number of pupils per class. This presents a problem which will interfere with modern objectives of achieving greater pupil participation and involvement in the learning experience.

The increasing number of young people with psycho-social problems also concerns me. It seems that the time is nearing when we must have an Adjustment Counselor who can better meet the needs of these young people. I also feel that our facilities in the Guidance area are quite restricted. We need additional space to cope with the increasing services rendered.

I am most proud of our school and the students and staff which make it a dynamic, sensitive institution of learning and growth. I would like to express my appreciation to Mr. Walter White, my most capable Assistant Principal, Mr. Francis X. O'Regan, Jr., Director of Guidance and Pupil Personnel Services, and to all faculty members for the fine cooperation during the time I have been at King Philip. A special word of thanks to our School Nurse, our Secretaries, Custodian, Matron and Cafeteria personnel for their fine efforts.

I am proud to be a member of such an excellent school system. I am grateful to Mr. Manos and the School Committee for their fine support and encouragement during my first year. I consider it a privilege to serve the young people of our district.

Respectfully,
A.J. D'ANIELLO

Report of the Principal King Philip Regional School - North

It is with pleasure that I submit my second Annual Report as Principal of the King Philip Regional School - North.

The function of a junior high school in a regional school district encompassing secondary education are more extensive than those of the traditional junior high school existing within a single community. Students are admitted from dissimilar communities and must be welded into a cohesive group with a strong base solidly grounded in fundamental academic processes prior to entering the regional high school. In order that this goal may be attained within two years, there are two necessary modes of action: accurate student placement and a program of studies suitable for each student. Initially there must be an accurate assessment of each incoming pupil's level of proficiency and aptitude in the major subject matter areas. With this knowledge the student is placed in a group equivalent to his present level of achievement and development potential. In fairness to the pupil the placement should be as precise as possible. The information concerning incoming grade seven pupils is obtained from the principals and teachers in the elementary schools.

I am very pleased with the high level of rapport existing among the schools of the three Communities in the Regional District. The monthly principals' meetings and the visitations with regular classroom and special education teachers later in the school year have contributed to greater understanding, improved coordination and, very importantly, the exchange of more data concerning the pupils than had previously been accomplished. The exchange helps improve both levels of education. Since no one knows the incoming seventh grade pupils better than the sixth grade teachers, the data received is of immense value in the accurate placement of the pupils.

It has been a productive year from the viewpoint of internal activities designed to improve the school's programs. The teachers have prepared revised curriculum guides in practically all subject matter areas. A Student Handbook has been printed that contains a wealth of data for incoming seventh grade pupils and transfer students. A more comprehensive Teachers' Handbook was ready for all teachers at the beginning of the school year.

Department Coordinators have been appointed to assist in the administration and coordination of activities within and among departments. They are to be assigned annually on a rotating basis among qualified teachers. The Coordinators teach full schedules and are not responsible for the teacher evaluations. Their primary functions are related to the effective and efficient operation of their departments. Presently, four Coordinators have been appointed to the following departments:

Language Arts - English Reading, French, Speech Therapy.
Mathematics and Technology - Mathematics, Industrial Arts.
Science and Health - Science, Physical Education, Home Economics.
Cultural Studies - History, Geography, Music, Art.

As the numbers of pupils and teachers increase the departments will be subdivided and additional Coordinators appointed.

This year the school is commencing a major project with far-reaching academic ramifications. The teachers, guidance personnel and administrative staff will complete the Evaluative Criteria for Junior High Schools, the professional standard for junior high schools, prepared by the National Association of Secondary-School Principals. The instrument is designed to indicate how well the school accomplishes its objectives in relation to its stated philosophy. Areas of strength, weakness and appropriate guidelines to remedial action are noted. Assessment is the initial step in the determination of the direction of effort and the allocation of resources to develop a truly superior junior high school. A planned program will be developed that will serve as a timetable and guide for action.

Innovations have been effected in all subject matter areas. Some of the more important ones are noted below:

Reading - English - There is a high degree of correlation between Reading - English facility and success in a Foreign Language. Therefore, all students with a reading weakness or who are not ready for French in grade seven are enrolled in the Reading Program. In English many tapes and disc recordings have been added to enliven the Literature Program. Paperback books, new literature texts and library listening stations have augmented the program offerings.

Mathematics - Audio tapes have been introduced for remedial drill work. There is an increased emphasis on basic skills. A prognostic test has been added to help select qualified eighth grade students for the Algebra Program. Programmed textbooks will be introduced next year in a pilot project. A team teaching project to teach the inter-relationships of Art, Architecture and Arithmetic is being prepared for introduction next year.

Science - The Science Program is being converted from a textbook oriented program to a laboratory centered program for all students.

Social Studies - In an attempt to develop a Social Studies Curriculum that reflects the needs of today's youth, a new curriculum is being organized that will replace the page by page approach that generally handles too much material in too little depth with a Geography Program based on in depth study of dissimilar areas and a History Program based on a study of concepts in American History.

French - The French Course has been divided into a two year sequence to allow increased mastery and an unhurried pace. Prognostic tests will be given in grade six this year to assist in the selection of students who are ready to study French in the seventh grade.

Industrial Arts - Technical Drawing has been added for all seventh and eighth grade boys. Each year is divided into thirds encompassing Metal Shop, Wood Shop and Technical Drawing.

Home Economics - A greater emphasis is being placed on food preparation and the manufacturing of a garment by each girl in the school year.

Physical Education - An Intramural Program for boys and girls has been introduced. The program parallels physical education instruction providing individual and team competitive sports throughout the school year. Awards are presented to all who participate in one or more sports. Approximately 85% of the boys and 75% of the girls participate. Boys and girls are tested using the standards of the American Association for Health, Physical Education and Recreation. Awards including the Presidential Fitness Awards are presented to successful students.

Audio-Visual - Library - A catalog containing a listing of all Audio-Visual materials by subject matter areas has been prepared for each teacher. An increasingly large number of audio-visual devices is available for teacher use. Art prints and sculpture reproductions have been added to the library collection to increase the scope of the library's offerings as an Instructional Materials Center.

I thank all of the staff members of the King Philip Regional School - North for their contribution to the consistent improvement of the schools. The efforts of the Assistant Principal, Guidance Staff, School Nurse, Secretaries, Cafeteria Personnel and Custodians have been commendable and are sincerely appreciated.

Respectfully submitted,

Report of the Director of Guidance

The past year has been an interesting and exciting year within the area of pupil personnel services. The program has expanded both in guidance and speech therapy. The department has not only expanded instaff members, but in the amount and quality of services available to the students, parents, and adults of the region. However, simultaneously, the student population has grown and population growth in the future appears a critical factor in the functions and services of this department as we enter a new decade.

HIGH SCHOOL - GUIDANCE:

Mr. Daniel C. Keleher joined the guidance staff in July, 1969, and was assigned students in the academic and vocational high schools. In addition, his duties included developing lines of communications with area personnel managers. Mr. Keleher also wrote "The Future Employees' Guidebook" that was distributed to all students in the class of 1970 who indicated they wished to enter the labor market after graduation. Concurrently, Miss Resca and Mr. Hamilton developed "The College Planning Handbook" that was distributed to all members of the Class of 1970 who plan to further their education.

During 1969 there have been nearly 4,100 individual conferences with students and over 450 conferences with parents. In addition, there have been over 1,000 conferences with teachers and graduates. These conferences have covered a variety of subjects such as educational planning, occupational planning, financial and scholarship aid. However, there appears to be a growing need for other kinds of student assistance in the 1970's of which all communities should be aware now, so that proper planning can take place. This situation was vividly demonstrated this year when I had to request the Leslie B. Cutler Clinic to allow their Mental Health consultant to spend more time in the schools, so that the large numbers of student problems could be discussed. A survey of student problems has indicated that almost eight percent (8%) of the school district's population exhibit symptoms that can be classified as social, disciplinary, or school adjustment problems and possible emotional disturbance. The school consultation program can be of assistance as an interim measure; however,

it is becoming very evident that a school adjustment counselor (social worker) will be needed in the '70's. He would work closely with parents, counselors, and teachers to effect improved educational opportunities for these children to allow them to make an adequate adjustment and transition to the world they will enter upon graduation from high school. The 1960's have left us a national legacy of student dissatisfaction, changes in the values of society, and a great deal of confusion. One way of insuring the continuation of meaningful education is to provide counseling services for the students of the '70's, both at the elementary and secondary levels.

The testing program at the high school has provided the counselors with a valuable evaluative tool in assessing the students' strengths and weaknesses. Students receive copies of the following test results to take home: The Differential Aptitude Test, Kuder Occupational Interest Survey, National Educational Development Test, National Merit Scholarship Test, and College Entrance Examination Board Tests.

In each instance, preceding the distribution of results, a group meeting was held to explain in detail the results of the test and, also, how to use the accompanying interpretive literature. Students have obtained the results of group achievement tests and a detailed review of the Kuder Occupational Interest Survey in individual conferences.

During the summer of 1969, the counselors conducted a self-evaluation of the guidance services, using the criteria established by the New England Association of Colleges and Secondary Schools. Three areas of need were clearly obvious: 1. the need for additional clerical assistance in the guidance office (almost 1,500 transcripts have been processed this year), 2. the need for additional space for reference material and conferences and 3. a need for communication with students who terminated their formal education before graduation. Miss Resca undertook the latter recommendation, and a report of this activity follows:

FORMER STUDENT FOLLOW-UP (for 1962 to 1968)

Follow-ups sent out:	74
Replies:	17
Employed:	9
Married/Home:	2
Married/Employed:	4
Finished High School:	1

As a result of survey and encouragement of guidance services available to them, eight (8) students out of ten (10) desiring assistance have returned to avail themselves of guidance office.

JUNIOR HIGH SCHOOL - GUIDANCE:

In the year ending December 12, 1969, there was an increase of about 1,000 conferences by the counselors. Actually, more than 5,000 conferences have been held of which over 600 were with parents, and in excess of 2,500 were student conferences. Counselors continued to be available twice monthly during the evenings for parents who would otherwise be unable to come in and talk about their youngsters. These parent conferences are available at both the junior and senior high schools.

All grade seven students, as well as grade eight students new to the system, were given Otis-Lennon Mental Ability Test. The Differential Aptitude Test was administered to all grade eight students. The Iowa Test of Basic Skills was administered last spring and the results were sent home through the students. In addition to the regular testing program, four individual tests were administered by the counselors when this was deemed appropriate. Through the results of the Iowa achievement tests, a study was conducted to determine areas of strength and weakness.

Throughout the first marking period, recommendations were received, evaluated, and acted upon regarding the proper placement of youngsters. Referrals for placement outside the public school setting also were made in the case of more severe personal adjustment problems.

Counseling sessions are continuing throughout the year. These will involve primarily students, but will frequently take in parents and teachers. It continues to be the experience of this department that many students require more frequent counseling in the area of personal and social problems, although academic and course selection problems continue to be high.

SPEECH THERAPY:

The King Philip Regional School District, in cooperation with the Norfolk and Wrentham Elementary districts, now provide two full-

time speech therapists. Miss Jane Jacobson, who has completed her Masters program at the State University of Buffalo, is shared by Norfolk and the junior high school. Mrs. Jane Shriner, who has a Masters degree in Speech and Audiology, is shared by Wrentham and the high school. By screening students as they enter the district and by referrals from faculty and nurses, they have identified seventy-eight (78) students with speech defects. Therapy is provided for these students, either individually or in small groups, twice each week. Students do not lose valuable class time because, in most instances, they are given appointments during study hall time.

HEALTH:

The King Philip Regional School District is very fortunate to have excellent services of two well-qualified registered nurses: Mrs. Ann Chabot at the junior high school and Mrs. Sally Webb at the high school. Both nurses are important and contributing members of the pupil personnel team and are relied upon by the administration, faculty, and counselors for their professional advice. Both nurses meet with the counselors and the mental health consultant from the Cutler Clinic twice each month to discuss student problems.

During the past school year, 716 students have had routine physicals by the School Physician and 59 were referred for further diagnosis and/or treatment. Over 1,420 students were given hearing and eye tests. 72 students were referred for hearing defects and 128 were referred for vision defects.

During 1969, eleven (11) students received home instruction because of their inability to attend regular classes. Teachers at the junior and senior high schools provide this instruction after regular school hours. Eight (8) students were referred to the Massachusetts Rehabilitation Commission for educational/vocational counseling because of physical disabilities.

SPECIAL EDUCATION:

The district has three (3) classes for mentally retarded students, with a total enrollment of thirty-nine (39) students, and has experienced over-crowding at the junior high school level. This over-crowding became necessary when a work-study program was intro-

duced at the high school level for the twelve (12) students who are 16 years of age and older. The objective of this program is to aid students in two ways; to provide them with an opportunity to gain work experience and, also, to adjust to the expectations and conditions of work. Although this program is only four months old, the students have demonstrated a renewed interest in learning and appear to see greater meaning in their educational programs.

CONCLUSION:

In November, 1969, the Massachusetts Advisory Council on Education released its report on Pupil Services for Massachusetts Schools. The King Philip Regional School District has met many of the recommendations of this report, however, it is evident that in the 1970's we must do two things: maintain the level of pupil services we have already attained but, also, we must seek to improve our services by adding staff members, such as a school adjustment counselor, teachers for the emotionally disturbed and perceptually handicapped, and additional clerical staff members.

The cooperation of the school committee and school administration has been outstanding and their continued support, encouragement, and assistance assures the parents of the region continued growth in services by the Pupil Personnel service members of the faculty.

DROP-OUT STUDY:

A tally and classification of school leavers at the junior and senior high schools during 1969 are as follows:

Boys: 15	14 - disinterested in school
	1 - withdrawal insisted upon by parent because of low grades
Girls: 5	3 - disinterested in school
	2 - marriage/at home

Local statistics indicate for this period the King Philip Regional School District has a drop-out rate of 1.2%, with 98.8% of the school population remaining in school. This is the fifth consecutive year that the drop-out rate has remained below the 2% level.

FOLLOW-UP - CLASS OF 1964:

The Guidance Department conducted a five-year follow-up study of the Class of 1964. There were 191 students in this class and 101 responded to the survey (53%). The following is a summary of the follow-up in numerical form:

1. Attended or now attending Graduate School	5
2. Attended Institutions of Higher Education and Completed Program	55
3. Attended Institutions of Higher Education but did not Complete Program	19
4. Employed	69
5. Armed Services	20
6. Married	37

Adult Education Yearly Report

This year the enrollment will be in excess of five hundred students in the different classes being conducted at the King Philip Regional High School and the King Philip Regional School - North.

There are twenty-two instructors teaching thirty-three different classes. There are classes being held four evenings each week. The length of classes range from six to twenty-five weeks duration and from twenty to one hundred-fifty clock hours.

Students successfully completing a class will be issued a certificate of achievement.

The evening courses are divided into three categories:

- I. Vocational Practical Arts: These courses are designed to help people in homemaking and a more satisfying use of leisure time. Classes being held are in beginning and advanced sewing, knitting, rug hooking, tailoring, decorative painting, floral craft and decorations, ceramics and pottery and cake decorating and draperies.
- II. Vocational Apprenticeship: Courses are being held for apprentice machinists and apprentice bricklayers. These courses are for men who are serving an apprenticeship or learning a trade, and is held for 150 hours each year and the complete course covers four years. The course gives training in math, science, blueprint reading, and history related to the trade.
- III. Academic Classes: The classes being held this year are in typing I and II, office machines, speedwriting, painting, tennis, golf, safe boating, and woodworking.

Several of the academic courses are offering credits that are acceptable to the State Department of Education, Division of University Extension, and may be applied toward a state high school diploma.

The King Philip Regional District will continue to offer educational courses to the many adults in the area who wish to continue their education.

Report of the King Philip Regional Vocational High School

In June 1969 there were thirteen graduates. There were eleven students graduating from the carpentry division. All graduates are either in the service, employed in the field of work for which they were trained, or in apprenticeship programs.

The Vocational School enrollment as of October 1, 1969 was one hundred and seven. There were eighty-nine boys and eighteen girls. The eighteen girls are in the High School Vocational Home Economics program.

On Sunday, June 15, 1969, there was an open house held at the ninth new home that was constructed in conjunction with the house carpentry building program. This program enables the junior and senior carpentry students to construct a complete new home each school year.

The latest new home was built for Mr. and Mrs. Robert Laz of Norfolk, Massachusetts and is located at 37 Rockwood Road. There was a large attendance at the open house. Those attending were high in their praise of the program and of the quality of workmanship demonstrated by the students.

At the present time the advanced carpentry students are in the process of constructing their tenth new home. While the two upper classes are working on the new home on alternate weeks the first and second year students are in the carpentry shop. The freshman students receive instruction in hand tools while the second year students work with both hand and power tools on the various jobs that are customarily done in a shop. An example of some of the items that the students work on are bookcases, tables, benches, bulletin boards, kitchen cabinets, portable buildings, physical education equipment, etc. This work is done for the school department, municipal departments, churches, charitable organizations, students, and the general public. Much of the work done in both the machine and carpentry shops represents a sizeable financial saving to the taxpayers in the district.

The machine shop students are continuing the practice of making replacement parts for school equipment. For the past two years the

students have done a lot of machine work that has been helpful in the operation of the machinery at the ski slope in Wrentham. Many of the tools that are used by machinists are made by the students while they are attending the course. These tools may be purchased by the students for the cost of material only. Many of the students, because of this, have a fairly complete set of tools by the time they graduate.

The reading program that was inaugurated two years ago had to be dropped this year because of poor attendance. This program was conducted at the end of a regular school day because it was the only way it could be programmed. Because of part time work, athletic and other commitments by the students it was not practical to continue. A partial special reading program is being conducted during the regular school day by using part of the students' English class time.

The school is still continuing with the co-operative programs. The co-operative students attend the school classes for one week to receive instruction in their academic and related subjects. The second week the students are employed by the co-operating concerns where they receive practical shop experience. The student's progress is watched very closely and if at any time the student falls behind in his classroom work, or if he is not receiving the proper variety of training on the job, then he will be returned to the school on a full time basis. The co-operative program is for seniors only and they must be receiving all A's and B's in order to participate.

The Norfolk Bristol County Regional Vocational Technical School planning board is still organized but at present inactive. It is expected that in the Spring they will begin to meet again and compile information to pass along to the public.

I would like to express my gratitude to all who have helped to make our program successful and we shall continue to do our best for the youth of this area.

Report of the Chairman

Another year has gone by and no significant relief for the local property taxpayer has been provided by the State with respect to supporting our public schools. In fact, many programs which can lead to receiving either State or Federal funds are worked out on some sort of sharing basis and, hence, create a difficult decision for the School Committee to make. For example, should an innovative or enticing program be undertaken in order to secure modern equipment and material with outside money when the cost of utilizing it must eventually revert to the property tax source? The Committee and our administration have tried to be realistic in these areas.

It was required by the State Board of Education that a plan be submitted to the Commissioner by December 31, 1969 showing how the present 7-12 King Philip system shall become a part of a single school district maintaining and operating a complete K-12 educational program containing at least 2,000 pupils governed by one school committee with one superintendent. During the past year, therefore, a subcommittee formed from the membership of the (elementary) School Committees of Norfolk, Plainville and Wrentham and the (secondary) King Philip Regional School Committee, advised by their respective Superintendents, held a series of meetings at which a common plan was evolved for the four committees. This plan has been submitted by the King Philip Committee.

The plan calls for requesting sometime in late April or early May of 1970 that the Towns of Norfolk, Plainville and Wrentham consider adopting an amendment to the present King Philip Regional School District Agreement which would essentially regionalize the school systems administered by the four committees under the King Philip Committee, possibly as of January 1, 1971. In the event that one or more of the Towns do not accept such a plan at a Town Meeting, it can be anticipated, of course, that the State Board will continue to press the individual committees to keep submitting some similar (or identical) plan year after year. Unfortunately, it is not possible at this reporting date to list the exact details of the proposed amendment since the State has not returned to us a draft of the legal wording they intend to recommend.

It is to be noted that Mr. William B. White has accepted the position of Administrative Assistant to the Superintendent for the King Philip District and the Town of Norfolk. He has also been appointed Treasurer of the King Philip Regional School District.

I take this opportunity to thank the membership of the Committee for their regular attendance and active participation during our many meetings throughout the past year.

CHARLES F. WINTER, Chairman

King Philip Regional School
District Committee

Zoning Board of Appeals

To the Honorable Board of Selectmen
Plainville, Massachusetts

Gentlemen:

We are pleased to submit the following report of the activities of the Zoning Board of Appeals for the year ending December 31, 1969.

The Board received and accepted with regret the resignation of one member, Fred Taber, throughout the year. Mr. Maurice Pothier was appointed to fill this vacancy.

There were four cases handled throughout the year consisting of two special permits for construction, two variance requests and one gravel or loam permit. Granted were two special permits, two variances and one gravel or loam permit extended.

The Board received and paid to the Town Treasurer for applications and permit fees \$107.00. It spent from its established budget \$51.00 for postal fees, clerical work, advertising, stationery and dues.

We sincerely thank all Town Departments for their support and assistance during the past year.

Respectfully submitted,

JAMES M. RINALDI, Chairman

Annual Report

of the

SELECTMEN

BOARD OF WELFARE

and

BOARD OF HEALTH

of the

TOWN OF PLAINVILLE

MASSACHUSETTS

For The Year Ending December 31st, 1969

Report of the Board of Selectmen

To the Citizens of Plainville:

We, the Selectmen of Plainville, herewith submit our report for the year ending December 31, 1969.

Throughout the year this Board has conducted hearings on New England Telephone and Telegraph Company and Massachusetts Electric Company for pole locations in various sections of Town and granted the necessary permits to cover new installations and also in some instances new relocations of certain poles.

Several alcoholic violations were received from the Alcoholic Beverages Control Commission and proper action was taken in accordance with the nature of the violations against the holder of the license involved. Also, as a part of the routine duties of this Board, all establishments serving alcoholic beverages were inspected for their compliance with State and Local rules and regulations.

A new ballot box was purchased by the Town for use at Town Elections, and we would like to thank Town Clerk Austin F. Grant for his cooperation with our Board in this endeavor.

The heavy snows of last February and early March contributed to the collapse of a portion of the roof of the town-owned Garford property on South Street. Steps were taken immediately to protect surrounding properties and make the general area secure from any further damage until demolition of the damaged area could be effected. You, the voters, at the Annual Town Meeting voted monies to carry out demolition of the damaged area and the reconstruction of the rear wall of the building as it now stands. This property we feel is invaluable to the Town for the storage of Highway trucks, Fire trucks and on occasion a Police Cruiser and general storage.

There were several hearings held relative to the underground storage of gasoline and other volatile substances for which permits were issued during the past year as prescribed by the General Laws of this Commonwealth.

On February 25, 1969 at 10:00 A.M. this Board declared that pursuant to the General Law, Chapter 44, Section 14, that a State of Emergency existed in the Town of Plainville due to abnormal snowfall, effective 7:00 A.M. that same date. This procedure would enable your Board to expend monies that were not normally budgeted and would normally have resulted in an overdraft of the Snow Removal Account.

On April 14, 1969, Ray P. Felix was elected to serve a three year term on this Board. With his election, Raymond V. Miller retired after a nine year term on this Board, having served his town well and faithfully. The Board of Selectmen welcome Mr. Felix to the Board.

Annual appointments made by the Board were made April 19, 1969 instead of prior to April 1, 1969, necessitated by the postponed Town Election.

In May of this year, the Town Employees Group Insurance policy was placed with the Attleborough Savings Bank, thus saving the Town a sizeable amount of monies.

Your Board of Selectmen and Planning Board are initiating action which we hope will alleviate bridge crossings over abandoned railroad tracks in Town. The bridges under discussion are Green Street, Cross Street, Fuller Street and West Bacon Street. Both the Penn Central Railroad and Norfolk County Commissioners have been contacted.

Our Board is endorsing the proposal you will vote on at Town Meeting. That the Town vote to join the South Eastern Massachusetts Regional Planning District, which we hope will enable us to obtain funding for municipal projects, such as water and sewage. Regional Planning District Memberships are now a must for Federal participation in Municipal Programs.

As a result of competitive examination, this Board took pleasure in appointing William A. Macomber to the post of Sergeant in the Plainville Police Department. This now places two sergeants within the ranks of your Police Department.

Throughout the year various resignations were received with regret and appointments made to fill the vacancies created. At this time, the Board would like to express its sincere appreciation to all who have served the Town in both elective and appointive positions. This Board needs and solicits your help and cooperation, loyalty, and ideas, from its citizens to foster a greater community, a community which has the potential to grow and prosper. But without your help, it is harder to achieve. We need assistance in filling vacancies, we need your cooperation.

A portion of Hawkins Street was reconstructed by the Highway Department this fall and drainage conditions rectified. The Selectmen voted to extend its closing of Belcher Street to allow Plainville Sand and Gravel Company to finish grading this road and the Norfolk County Commissioners to resurvey and complete a new Chapter 90 layout.

A hearing was held relative to a Dog Kennel operation and certain restrictions were imposed on the license of the operators.

Various licenses and permits were approved and signed by this Board throughout the year.

Your Board members kept abreast of current State, County and Local problems by their attendance at various meetings sponsored by the Massachusetts Selectmen's Association, Norfolk County Selectmen's Association and various State, County and Municipal agencies.

The Board of Selectmen wish to thank Highway Superintendent Everett W. Skinner, Sr., and Board Clerks, Mrs. Bessie Barton and Mrs. Irene Tremblay, Assessors Clerk, Mrs. Ruth Fulton, Town Clerk Austin F. Grant and all other Town Departments and the Townspeople for their fine support and cooperation and understanding.

Respectfully submitted,

Report of the Board of Health

To the Citizens of Plainville:

We herewith submit our report for the year ending December 31, 1969. This Board met on numerous Saturdays throughout the year to make necessary sanitary inspections, not only of complaints received but also inspection of all food establishments, and any establishments which do not hold a Common Victualers License. Many sanitary complaints were investigated by this Board and also Mr. Putnam Steele, Sanitary Inspector, whose recommendations are sought on solutions to these complaints. Our thanks to Mr. Steele for a job well done.

This Board requests parents to notify us regarding communicable diseases.

This Board has on file the following list of dangerous diseases:

Dog Bites	6
Mumps	4
Scarlet Fever	8
Chicken Pox	10
German Measles	2

This Board in conjunction with the School Department held a Measles Clinic this past year. Also in conjunction with Doctors DeWitt and Franklin, and through the cooperation of the Fire Department and the assistance of Mr. Joseph Calzaretta our Dog Officer, we held a Rabies Clinic for Dogs which was well attended.

Our sincere thanks to the members of the Kappa Sigma Sorority for their assistance at the Rabies Clinic.

During the year many sanitary complaints and sewage problems were investigated and the necessary action to abate nuisances taken.

This Board was the host town in December for the meeting of the Southeastern Board of Health Association. This was a first for the town.

The Town Dump was maintained by the highway department in

excellent shape, but however, certain conditions do exist in regards to dumping by out-of town residents. The Board of Health budget includes monies to enclose the dump by means of a chain link fence and also posting of the dump by signs as to hours of dumping and so forth.

Many percolation tests were approved for various new buildings and also numerous repairs to existing sewage systems.

This Board, by your vote at Town Meeting of our budget, increased our District Nursing Services to the townspeople. Also we joined the Norfolk County Mental Health Association to better aid children in town with mental illness.

The Board of Health would like to thank all department heads and the townspeople for their support and cooperation extended to us this past year.

Respectfully submitted,

PLAINVILLE BOARD OF HEALTH
